**DISPOSITION: EXHIBITS ADMITTED**

By letter dated March 23, 2005, BCT submitted two diagrams representing trunking arrangements discussed at hearing and accepted by Qwest witness Philip Linse on a "subject to check" basis. BCT requests that the diagram representing local/EAS trunking be admitted into evidence as Exhibit BCT/13, and that the diagram representing trunking to the access tandem be admitted as Exhibit BCT/14. Qwest has not objected to either proposed exhibit.

By letter dated March 9, 2005, Beaver Creek Telephone Company (BCT) submitted the Declaration of Nathan Halderman (Declaration) attesting to the dates when the local interconnection service (LIS) trunks between Qwest Corporation and BCT were: (a) installed, and (b) began receiving traffic. BCT affirms that the Declaration was reviewed by Qwest and modified prior to submission to the Commission.

The diagrams and Declaration submitted by BCT are received into the record in accordance with the Exhibit designations set forth above.

Dated at Salem, Oregon, this 8<sup>th</sup> day of April, 2005.
