**Re: Notice of BellSouth Long Distance Inc. d/b/a AT&T Long Distance Service's  
Discontinuance of Telephone Service in Oregon**

Dear Ms. Shepherd:

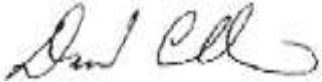

BellSouth Long Distance, Inc. d/b/a AT&T Long Distance Service (“BSLD”) hereby provides notice to the Commission that it is ceasing the provision of all services and requests to have its Certificate of Authority cancelled effective July 31, 2015 for all services provided in the state of Oregon. There are no longer any customers receiving services from BSLD so no notice is being provided. In addition, BSLD does not have any numbers assigned to it from NANPA so there are no numbers to return, and there are no 9-1-1 service considerations that need to be addressed.

The history of BSLD's certificate of authority as a competitive provider in Oregon is as follows:

- On February 19, 1997 (Order No. 97-066, docket CP 267), BSLD was granted a Certificate of Authority to provide interexchange (toll and operator- assisted) telecommunications service as a competitive provider.
- On July 28, 2005 (Order No. 05-883, docket CP 1290), the authority granted to BSLD by Order No. 97-066, docket CP 267 was cancelled, and BSLD was granted a new Certificate of Authority which granted the same authority in Order No. 05-883 and authority to provide intraexchange (local exchange) switched service and non-switched, private line (dedicated transmission service) as a competitive provider.
- In a letter dated January 26, 2007, BSLD notified the Commission that it had adopted the new assumed business name of BellSouth Long Distance, Inc. d/b/a AT&T Long Distance Service. A copy of the Oregon Secretary of State Certificate of Trade Name was attached with the letter.
- In a letter dated November 15, 2013, BSLD notified the Commission of its intention to discontinue the provision of local exchange services and to amend its Certificate of Authority to relinquish its authority to provide intraexchange (local exchange) switched service and non-switched, private line service (dedicated transmission service) in the state of Oregon. The discontinuance became effective on December 13, 2013 and BSLD retained its authority to provide interexchange telecommunications as a competitive telecommunications provider.

Please contact me at 775-333-3986 if you have any questions regarding this notice.

Sincerely,
