

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 1224

In the Matter of)	
)	
UTILITY REFORM PROJECT and)	
KEN LEWIS)	MEMORANDUM
)	
Application for Deferred Accounting)	

In Order No. 07-351, the Commission anticipated making a determination about a rate adjustment to amortize the deferral authorized in that order concurrent with the first automatic adjustment clause under Senate Bill 480, scheduled for June 1, 2008. Accordingly, the procedural schedule adopted in this proceeding allowed for, and anticipated, a decision by the Commission being entered by May 23, 2008.

The purpose of this memorandum is to notify the parties that the Commission will not be issuing the anticipated order prior to June 1, 2008. The Commission will issue an order after that date, and at that time determine when any necessary rate adjustment should be made to amortize the deferral granted earlier in this proceeding.

Dated at Salem, Oregon, this 20th day of May, 2008.
