RULING

DISPOSITION: MOTIONS GRANTED

On August 15, 2006, Portland General Electric Company (PGE) filed a motion requesting an extension of time for filing a settlement of direct access issues. According to the preexisting schedule, the settlement and brief were to be filed on August 15, with a 10 day period for objections, and a hearing on August 30 if requested. The motion requests that the settlement deadline be moved to Monday, August 21, 2006, with a 10 day period for objections to expire on August 31. If a hearing is requested it will be held September 6, 2006. This is part of an ongoing revision of the schedule related to this issue, which other parties have supported in the past. The motion is granted. The parties are advised that if the hearing is held September 6, 2006, and another administrative law judge will conduct it. The parties have indicated that a decision is requested by September 15, 2006, and every effort will be made to accommodate that request.

On August 16, 2006, PGE filed a motion regarding the schedule for the RVM portion of the proceeding. PGE states that a settlement will be filed by August 21, 2006, and that the other dates in that portion of the docket should be set aside. PGE also indicates that the other parties support this motion, and a decision is still requested by October 20, 2006. The motion is granted. Parties will have 20 days, until September 11, 2006, to file objections to the settlement. A hearing, if it is to be held, will be on September 26, 2006. Every effort will be made to issue a decision by the requested date.

Dated at Salem, Oregon, this 17th day of August, 2006.

Christina M. Smith
 Administrative Law Judge
