BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON

LC 41

In the Matter of IDAHO POWER)
COMPANY Application for Adoption of) MOTION TO INTERVENE
its 2006 Integrated Resource Plan) OUT OF TIME
)

The Oregon Department of Energy (“ODOE”) hereby moves for permission to intervene out of time. ODOE’s Petition to Intervene is attached to this Motion.

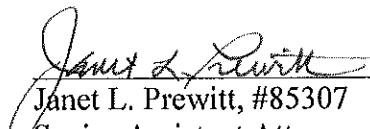

Granting this petition for late intervention will not broaden the issues, burden the record or unreasonably delay the proceeding nor prejudice the rights of other parties to the proceeding.

ODOE is statutorily charged, under ORS 469.060, with making “recommendations for state and local governments to assist in the development and maximum use of cost-effective conservation and renewable resources, consistent with the energy policy stated in ORS 469.010 * * *.” (ORS 469.060(3)(f)). In aid of that responsibility, ODOE “may intervene in any proceeding undertaken by an agency for the purpose of expressing its views as to the effect of an agency action, upon state energy resources and state energy policy.” ORS 469.110(2).

In addition, on February 5, 2009 Idaho Power Company filed a Supplemental Action in this matter requesting to include the Boardman to Hemmingway Transmission Line in its integrated resource plan. The Department of Energy acts as staff to the Energy Facility Siting Council and will participate in this proceeding pursuant to its responsibility under ORS 469.040(1)(b) to facilitate the work of the Council.

For the foregoing reasons, the Oregon Department of Energy respectfully requests that the Commission exercise its discretion to grant ODOE’s Motion to Intervene Out of Time.
