**DISPOSITION: SCHEDULE AMENDED**

By motion filed December 14, 2007, the Citizens' Utility Board of Oregon (CUB) requests that the filing date for non-settling parties' testimony be postponed until December 21, 2007. In support of its motion CUB reports that its witness has been ill and is currently incapacitated.

CUB's motion is granted. Given the current health status of its witness, it may be that additional time will be required. If CUB finds that the date set is not sufficient, it may inform the Commission and all parties what date it needs for the completion of its testimony without the need for another motion.

Dated this 14th day of December, 2007, at Salem, Oregon
