Re: UA 111 - SUB's Application For Allocation Of Exclusively Served Territory

To Whom It May Concern,

Enclosed are errata to Springfield Utility Board's Application for Allocation of Exclusively Served Territory. Page 2 of 3 and Exhibit C (attached) contain the corrected language. Please replace the pages in the original filing. One original and three copies of each page are included.

The errata have been electronically filed at the Oregon PUC's e-filing center.

Please contact me if you have any questions. My contact information is:

Jeff Nelson  
Director of Resource Management  
Springfield Utility Board

Regards,

Jeff Nelson  
Director of Resource Management  
Springfield Utility Board

8. OAR 860-025-0025(4) requires that applications contain facts showing that it is more economical and feasible to serve adjacent unserved territory by an applicant's existing facilities than by an extension of the facilities of another person. SUB submits the following:
  - a. SUB is a municipal utility formed under the City of Springfield, Oregon's charter and requires no franchise to extend service into areas as they are annexed into the City of Springfield. It is expected that any new development would be annexed prior to development. However in the event that service is requested outside the city limits but within the territory applied for, SUB would obtain any franchises or permits required to extend service.
  - b. As stated above, the territory applied for resides within the urban growth boundary of the City of Springfield, Oregon. The UGB is established through a process under the Lane County Local Government Boundary Commission (a state agency whose members are appointed by the Governor) and provides adequate land inventory for projected residential, commercial, and industrial growth. The anticipated need and demand for land use is considered when creating the UGB as is the need for utility services.
  - c. SUB has existing electrical facilities in around the service area requested. In particular, SUB's 12.4 kV line ("Saphire" line) starts at SUB's Mt. Vernon substation due west of the territory requested, extends east near the southern edge of the territory, and runs northerly to SUB's East Springfield substation (located at the northern edge of the territory requested).

## **Exhibit C**

### **DESCRIPTION OF TERRITORIAL ALLOCATION REQUEST BY SPRINGFIELD UTILITY BOARD**

Beginning at the southeast corner of Section 34, T. 17 S., R. 2 W., of the Willamette Meridian all in Springfield, Lane County, Oregon said point as being known as the **TRUE POINT OF BEGINNING**. Thence west on the south section line Section 34, T. 17 S., R. 2 W. to the southwest corner of Section 34, T. 17 S., R. 2 W.; thence south approximately 3,450 feet to the center line of Mt. Vernon Road (county road 315); thence easterly along the centerline of Mt. Vernon Road (county road 315) approximately 1,955 feet to the centerline line WEYCO Road in Section 3, T. 18 S., R. 2 W.; thence southerly approximately 420 feet to EPUD's (Emerald People Utility District) allocated boundary in Order No. 83-664. Thence east on boundary line approximately 8,924 feet to the City of Springfield UGB (Urban Growth Boundary) east line as shown on the Map of Springfield in Section 2, T. 18 S., R. 2 W.; thence northeasterly approximately 3,795 feet to the south line of Section 36, T. 17 S., R. 2 W.; thence northerly approximately 2,484 feet to the center line of McKenzie Highway (state highway 126); thence westerly following the center line of McKenzie Highway to the east section line of Section 34, T. 17 S., R. 2 W.; thence south to the southeast corner of Section 34, T. 17 S., R. 2 W., of the Willamette Meridian all in Springfield, Lane County, Oregon said point also being known as the **TRUE POINT OF BEGINNING**.
