DOCKET NO. UM 1310

**Required Cover Sheet for Submission of
2007 Annual ETC Recertification Reports**

Filing Deadline: Monday, July 16, 2007

Name of Eligible Telecommunications Carrier: Nehalem Telecommunications, Inc.

Filing date: 7/10/2007

Is this: Original submission? X

OR

Revised submission? _____ If revised, please identify which reports
are being revised _____

Person to contact for questions:

Name Mark R. Martell

Phone number (208) 366-2614

E-mail address mark@rtci.net

Filing instructions: Please file reports under Docket No. UM 1310. File reports electronically via the PUC Filing Center; see the PUC website for instructions. Also send one original and 2 hard copies to the PUC Filing Center. If selected portions of reports, e.g., network improvement plans, are to receive confidential treatment, those portions should not be filed electronically. Hard copies of confidential material should be filed in accordance with confidential designation requirements described in OAR 860-011-0080. Regular delivery methods may be used to send all hard copy documents; overnight or express delivery is not necessary. Send documents to the Filing Center using one of the two following addresses, depending on the delivery carrier used:

For US mail: Public Utility Commission of Oregon
Attn: Filing Center
PO Box 2148
Salem, OR 97308-2148

For other carriers: Public Utility Commission of Oregon
Attn: Filing Center
550 Capitol St. NE #215
Salem, OR 97308-2148

If you have any questions on these reports, please call Kay Marinos at 503-378-6730, or Celeste Hari at 503-378-6628.

2007 Annual Recertification Reports for ETCs in Oregon
Docket No. UM 1310
Report Formats to Satisfy Requirements of Order No. 06-292 for 2007

Report #1 Supported Services Offerings

- 1.1. Basic Local Usage Service Offerings – **All ETCs**
- 1.2. Comparable Local Usage Plan – **CETCs only**
- 1.3. Supported Services Not Provided – **CETCs only**
- 1.4. Equal Access Acknowledgement – **CETCs only**

Report #2 Unfulfilled Service Requests

- 2.1. Unfulfilled Service Requests/Held Orders – **All ETCs**
- 2.2. Service Request Processing – **CETCs only**

Report #3 Evidence of Advertising for Basic Supported Services - All ETCs

Report #4 Low-income Services – All ETCs

- 4.1. Number of Lifeline Customers
- 4.2. Advertising of Low-income Program Service Offerings

Report #5 Outage Report – All ETCs

Report #6 Trouble Report – All ETCs

Report #7 Network Improvement Plan – CETCs only

Report #8 Special Commitments/Requirements – CETCs only

Report #9 Certifications – All ETCs

- 9.1. IAS or ICLS Certification Copy – **All ETCs Receiving IAS or ICLS**
- 9.2. Certification of Use of Universal Service Funds – **All ETCs Receiving Traditional High-Cost Support (HCL, LSS)**
- 9.3. Certification of Emergency Functionality and Compliance with Service Quality/Consumer Protection Measures – **All ETCs**

Report #1 – Supported Services Offerings

1.1. Basic Local Usage Service Offerings – All ETCs

Choose **either A. or B.** below, as applicable:

- A. Basic local usage service offerings are filed under tariff with the Oregon PUC. The specific tariff references (with *company name, tariff number, section and page numbers*) for the basic local usage offerings and corresponding rates are:
1. residence:
See attached Exhibit 1.1 A1 & A2
 2. business:
See attached Exhibit 1.1 A2
- B. Basic local usage service offerings are **not** filed under tariff with the Oregon PUC. Submit the following information for each basic service offering that includes local usage allowances (unlimited or limited): 1) plan's name, 2) advertised public description, 3) number of local minutes included, 4) calling area included, and 5) rates and charges. Include basic offerings for both residence and business services.

1.2. Comparable Local Usage Plan – CETCs only

The carrier certifies that it offers at least one basic local usage plan that is comparable to those offered by the ILECs in its designated service area: yes no

Identify which of the plans in 1.1.B above are "comparable" to the ILEC local usage offerings, and explain the basis for the comparability. _____

1.3. Supported Services Not Provided – CETCs only

Identify any supported services that were not available at designation, but were to be provided as a condition of ETC designation (e.g., toll restriction for qualifying low-income consumers, E911): _____

Are these services provided currently? yes no

If no, explain why not: _____

1.4. Equal Access Acknowledgement – CETCs only

The carrier acknowledges that it may be required to provide equal access if it is the only remaining ETC in an area: yes no

Report #2 – Unfulfilled Service Requests

2.1. Unfulfilled Service Requests/Held Orders – All ETCs

Choose either A. or B. below, as applicable:

- A. Service quality reports for “primary held orders over 30 days” were filed with the Oregon PUC for calendar year 2006. No additional submission is required for recertification purposes.
- B. Service quality reports for “primary held orders over 30 days” were **not** filed with the Oregon PUC for calendar year 2006. In this case, choose **one** of the following alternatives for reporting:
1. The number of customer requests for supported services that were not fulfilled during calendar year 2006: _____.
If greater than zero, include an attachment noting for each such request, the location (address) of the request and a description of attempts to provide service.
 2. The number of “primary held orders over 30 days” (as defined in Section 860-034-0390 of the Oregon Commission rules) for calendar year 2006: _____.
If greater than zero, include attachment noting for each such held order, the reason the order was held and the original commitment date.

2.2. Service Request Processing - CETCs only

Submit a description of how the carrier ensures that every request for service that cannot be immediately fulfilled is recorded and processed under the 6-step process set forth in 47 CFR Section 54.202(a)(1)(i).

**Report #3 – Evidence of Advertising for Basic Supported Services
(excluding low-income/lifeline) – All ETCs**

Describe how basic supported services were advertised during calendar year 2006 throughout the designated service area. List the types of media used, advertising frequencies and geographic coverage. Attach examples of actual advertisements, noting dates, specific distribution methods, and target geographical populations, sufficient to demonstrate that basic supported services and rates were advertised **throughout** the designated service area in 2006.

- 3.1 Basic Support Services are published in the 2 local area newspapers
- 3.2 Basic Support Services are outlined in the Directory Directories are given to all new & existing customers
- 3.3 A list of Basic Support Services is given to each new customer. *Same sheet as 3.1*
- 3.4 A list of Basic Support Services is posted in the front lobby of the main office. (same page as provided to local newspapers) *Same sheet as 3.1*

NTI BASIC SERVICE RATES & INFO

Nehalem Telecommunications Inc. (NTI) is a quality telecommunications services provider of basic and enhanced services at reasonable rates within its service territory.

The following services are available to all customers of NTI. The costs associated with each are reflected each month on the regular telephone bill along with charges for services provided by NTI. The services listed here are the basic services offered by our company. We also provide a large variety of custom calling features, including Voice Mail, Caller ID, Long Distance and Internet/DSL service.

Basic Services are offered at the following rates:

- Residence — \$10.20 per month
- Business — \$12.60 per month
- Federal Subscriber Line Charge
- Residence/Business — \$ 6.50 per month
- Federal Subscriber Line Charge/
Multi-Line — \$ 9.20 per month

Touch Tone Service — provided as part of local service.

Toll Blocking — (no long distance service) is available at no charge.

Emergency 911 Services — The mandated surcharge for 368 exchange — 75 cents (see your telephone bill.)

Telephone Assistance Program — Eligible customers can participate in the Oregon Telephone Assistance Program (OTAP). Please contact the Oregon PUC at 1-800-676-3777.

Post office*

Income-based criteria will be in effect for all telephone companies that offer Lifeline beginning in June 2005. Some telephone companies may offer Lifeline discounts to individuals who qualify based on household income before that date.

Residents of Indian reservations or tribal lands qualify if they participate in any of the programs listed above, have a household income that is at or below 135% of the federal poverty guidelines, or participate in one of these programs:

- Bureau of Indian Affairs (BIA) general assistance
- Head Start (income eligible)
- Tribal TANF

How do I apply to receive Lifeline, Link Up and TLS support discounts?

Consumers must apply through their local telephone company — please let us know if you are interested in any of these programs. Visit the Universal Service Administrative Company (USAC) web site at www.lifelinesupport.org for more information about eligibility requirements. You also may call USAC toll free at 1-888-641-8722, with any questions about Lifeline, Link Up and TLS discounts.

AN IMPORTANT MESSAGE FROM YOUR
COMMUNITY BASED TELECOM PROVIDER

AN IMPORTANT MESSAGE FROM YOUR
COMMUNITY BASED TELECOM PROVIDER

Every person in America should have access to quality, affordable telecommunications service. This principle of "Universal Service" has been the goal of the telecommunications industry for decades. In 1934, the federal government codified the goal and reaffirmed it in 1996 by establishing policies for the "preservation and advancement of Universal Service."

To achieve the Universal Service goal, carriers have access to a fund that is generated by contributions from the telecommunications providers in the United States. Telecommunications companies draw from the fund to provide four programs that support telecommunications services nationwide. Link-Up America (Link-Up) and the Lifeline Assistance Program (Lifeline) are part of the fund's Low-Income Program and are described in detail below. Toll limitation service is another program available to low income subscribers to help them control what they spend on telephone service.

Lifeline, Link Up, and Toll Limitation Service support provide discounts to eligible low-income consumers to help them establish and maintain telephone service.

What type of discount is available?

Lifeline assistance lowers the cost of basic monthly local telephone service. Eligible consumers can receive up to \$10 per month in discounts. Additional state support also may be available.

Eligible residents of Indian reservations or tribal lands can receive up to an additional \$25 in Lifeline support, but must pay at least \$1 for basic monthly service.

Link Up reduces the cost of initiating new telephone service. Eligible consumers can receive a 50% discount off of the one-time costs associated with initiating telephone service, up to a maximum of \$30. Eligible consumers also qualify for a deferred payment schedule for remaining costs of up to \$200.

Eligible low-income consumers living on tribal lands are eligible for an additional discount of up to \$70 to cover 100% of the charges between \$60 and \$130.

Toll Limitation Service (TLS) support allows eligible consumers who wish to avoid incurring large long distance fees to choose toll blocking or toll control at no cost.

How do I know whether I am eligible?

Eligibility for Lifeline, Link Up and TLS support varies by state. Individuals who reside in states that have their own discount programs qualify for federal Lifeline, Link Up and TLS support if they meet the eligibility criteria established by their state. In states that do not provide state support, an individual is eligible if he or she participates in one of the following programs:

- Low-Income Home Energy Assistance Program (LIHEAP)
- Federal Public Housing Assistance or Section 8
- Medicaid
- Food Stamps
- Supplemental Security Income (SSI)
- Temporary Assistance for Needy Families (TANF)
- National School Lunch free lunch program

In addition, a consumer may be eligible if his or her household income is at or below 135% of the federal poverty guidelines:

2004 Income Requirements — 48 Contiguous States

Family Size	States & DC	Alaska	Hawaii
1	\$12,569	\$15,701	\$14,445
2	\$16,862	\$21,074	\$19,386
3	\$21,155	\$26,447	\$24,327
4	\$25,448	\$31,820	\$29,268
5	\$29,741	\$37,193	\$34,209
6	\$34,034	\$42,566	\$39,150
7	\$38,327	\$47,939	\$44,091
8	\$42,620	\$53,312	\$49,032
<i>For each additional person add</i>	\$4,293	\$5,373	\$4,941

This brochure was produced by the Foundation for Rural Service, the philanthropic arm of the National Telecommunications Cooperative Association. Its mission is to promote, educate and advocate rural telecommunications in order to sustain and enhance the quality of life within communities throughout rural America. For additional information on the Foundation, visit www.frs.org. This advocacy campaign also is supported by the Rural Telephone Finance Cooperative, based in Herndon, VA.

Billing & Payment

CUSTOMER BILLING INFORMATION

The monthly charge for local telephone service is billed one month in advance and long distance calls are billed after you make them. Monthly bills are due and payable when presented and become past due 15 days thereafter.

A late payment charge of 1 1/2% will be applied to all balances carried forward to the next month's statement.

PAST DUE ACCOUNTS

will be advised of the past due account by written notice. We will make two attempts to notify you by telephone prior to disconnection of service.

We will not disconnect your service for non-payment of bill on a Saturday, Sunday, or legal holiday or any other day on which we cannot publish service on the same or following day. If service is provided to other than the customer on record, we will make every effort to inform the occupant at the address of impending disconnection. Upon request, we will allow 5 days for occupant to arrange for service.

SUPERSERVICE ALTERNATIVE

Customer upon request may supersede existing telephone service. Superservice is a transfer of service, including the telephone number, from one customer to another with the consent of the relinquishing customer and with the agreement of the new customer to assume the responsibility for all charges, billed and unbilled, which may be outstanding. This arrangement requires continuous billing with no change in the type or location of the equipment.

DISCONNECTION NOTICES

Before a utility company can disconnect your service, the company must notify you. Telephone and utilities must provide written notice at least 5 days before service is disconnected.

RATES, RULES & REGULATIONS

The Company's rates, rules and regulations, applicable to its services and regulated by the Oregon Public Utility Commission, are available in our business office for public inspection. Rates and charges are subject to change if authorized by the Oregon Public Utility Commission.

Report #5 – Outage Report – All ETCs

Choose either A. or B. below, as applicable:

A. Carrier was required to report service outages (as defined in Oregon PUC Rules at Sections 860-034-0390(9) for small telecom utilities, 860-023-0055(9) for large telecom utilities, and 860-032-0012(9) for competitive telecom providers) to the Oregon PUC during year 2006. No additional submission is required for recertification purposes.

B. Carrier was *not* required to report service outages (as defined in Oregon PUC Rules at Sections 860-034-0390(9) for small telecom utilities, 860-023-0055(9) for large telecom utilities, and 860-032-0012(9) for competitive telecom providers) to the Oregon PUC during year 2006. Select #1 (wireline carriers) or #2 (wireless carriers) below.

1. The number of service outages, as defined in Oregon PUC rules, that occurred during calendar year 2006 was _____.

If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.

2. The number of service outages, as defined in FCC rules at 47 CFR Section 54.209(a)(2), that occurred during calendar year 2006 was _____.

If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.

Report #6 – Trouble Report – All ETCs

Choose either A. or B. below, as appropriate:

A. x Trouble reports were filed with the Oregon PUC for calendar year 2006 per Oregon PUC service quality rules. No additional submission is required for recertification purposes.

B. Trouble reports were **not** filed with the Oregon PUC during calendar year 2006. In this case, choose **one** of the following alternatives for reporting:

1. The number of customer trouble reports received per 100 wireless handsets for supported services during calendar year 2006, for each company switch.

<u>Trouble Type</u>	<u>Switch A (location)</u>	<u>Switch B (location)</u>
No service	_____	_____
Network busy	_____	_____
Interruption of service	_____	_____
Poor reception	_____	_____

2. The number of customer trouble reports, as defined in Section 860-034-0390 (5) of the Oregon PUC rules, received during calendar year 2006: per 100 working access lines.

Report #7 – Network Improvement Plan – CETCs Only

The following detailed information must be included in each network improvement plan. Only CETCs must file these plans for recertification purposes. CETCs that receive *only* low-income program support (no high-cost or access-related support), do not have to file network improvement plans. CETCs are strongly encouraged to use the format laid out in the attached Excel worksheets to provide information required in the outline below (taken from the UM 1217 order), rather than use some other format developed by the CETC.

7.1. Demonstration of use of support funds (other than low-income funds) received during 2006, including:

- 7.3.1.1. The amount of support funds, by type, received during the year.
- 7.3.1.2. Year-end counts of eligible lines/handsets in service for each ILEC service area as they were reported to USAC for the past December.
- 7.3.1.2. Identification of each project for which the support was used, the actual support expenditures (by amount and type) for each project, and status of project (completed or still in progress).
- 7.3.1.3. The resulting benefits to consumers (qualitative and quantitative) from each project and updates to coverage and signal strength maps.
- 7.3.1.4. Explanation of how and why actual spending of support funds differed from spending proposed in the previous network improvement plan.

7.3.2. Updates to network improvement plan for the current calendar year and the following year:

- 7.3.2.1. Forecast of support amount, by type (LSS, HCL, ICLS, IAS), that the applicant expects to receive during each of the next 2 years, as well as an explanation of how the forecast was derived.
- 7.3.2.2. Detailed information for each project that will use support funds:
 - 7.3.2.2.1. Description and purpose of the project, its physical location and the ILEC serving that area.
 - 7.3.2.2.2. The start date and completion data (by quarter).
 - 7.3.2.2.3. Amount of support money allocated to the project, in total and broken down by investment and expense types.
 - 7.3.2.2.4. The amount of company's own funds that will be used for each supported project.
 - 7.3.2.2.5. Brief explanation of why the carrier would not make these improvements without the availability of support funding.
 - 7.3.2.2.6. Quantification of resulting service improvements by type (increased coverage, signal strength, capacity, etc.), population benefited, and geographic area benefited (shown on map).

Report #8 – Special Commitments/Requirements – CETCs only

Did the Oregon PUC impose any special commitments or requirements at initial designation or during the previous annual recertification process? yes ____ no ____.

If yes, identify the commitments or requirements and explain if, and how, they have been met.

Report #9 – Certifications - All ETCs

9.1. IAS or ICLS Certification Copy – All ETCs Receiving IAS and/or ICLS

All ETCs receiving interstate access-related support (IAS or ICLS) must submit a copy of the certification for the use of IAS or ICLS support that was sent to USAC and the FCC in June 2007.

9.2. Certification of Use of Universal Service Funds – All ETCs receiving HCL and/or LSS (Rural ILECs and CETCs Designated in Rural ILEC Areas)

To continue receiving traditional high cost support (HCL, LSS), ETCs must submit a notarized affidavit signed by a responsible company official certifying that the carrier will use the high cost support funds only for the intended purposes. Use of the sample affidavit form displayed on the following page is recommended.

9.3. Certification of Emergency Functionality and Compliance with Service Quality and Consumer Protection Measures – All ETCs

Each ETC must submit a notarized affidavit signed by a responsible company official certifying that the carrier: 1) is able to remain functional in an emergency, and 2) is complying with all service quality and consumer protection measures in either the applicable Oregon Commission rules (for wireline carriers), the CTIA Consumer Code (for wireless carriers), or some other specific set of standards. All ETCs must submit this affidavit. A copy of an acceptable affidavit form follows the affidavit for high cost support.

AFFIDAVIT CERTIFYING USE OF UNIVERSAL SERVICE FUNDS

I, Michael J. Martell, being of lawful age and duly sworn, on my oath, state that I am the Vice President [an officer] of Nehalem Telecommunications, Inc. ("Company") and that I am authorized to execute this Affidavit on behalf of the Company, and the facts set forth in this Affidavit are true to the best of my knowledge, information and belief.

Pursuant to the rules of the Federal Communications Commission, 47 C.F.R. § 54.314, there must be annual certification that funds received under the federal Universal Service Fund programs will be used only for the provision, maintenance and upgrading of facilities and services for which the support is intended. The Company hereby certifies to the Public Utility Commission of Oregon that pursuant to 47 C.F.R. § 54.7, and for purposes of the certification required under 47 C.F.R. § 54.314, the company will use all federal high-cost support provided to it only for the provision, maintenance and upgrading of facilities and services for which the support is intended, consistent with the principles of universal service set forth in 47 U.S.C. 254. This includes, but is not limited to, trying to meet the goal of the provision of services that are properly supported by the high-cost funds at rates that are reasonably comparable to rates charged for similar services in urban areas.
