PACIFICORP, dba PACIFIC POWER & LIGHT COMPANY)	MEMORANDUM
)	
Application for Acknowledgement of its 2007 Integrated Resource Plan.)	

In my June 22, 2007, prehearing conference memorandum, I requested the parties to organize all comments filed in this matter using the Commission's guidelines for Integrated Resource Plans, as adopted in Order No. 07-002 and corrected in Order No. 07-047. For the parties' convenience, I attached a copy of those guidelines.

Parties filed opening comments last week. Unfortunately, no party organized their comments as requested. The purpose of this memorandum is to remind parties to organize their future comments in a matter consistent with the Commission's adopted IRP guidelines. In other words, parties should divide any comments according to the relevant guideline(s). This will greatly assist Staff and the Commission in determining whether Pacific Power's 2007 IRP meets the newly adopted requirements.

Dated at Salem, Oregon, this 27th day of September, 2007.
