

PUBLIC UTILITY COMMISSION OF OREGON
STAFF REPORT
PUBLIC MEETING DATE: September 22, 2014

REGULAR _____ CONSENT X EFFECTIVE DATE November 1, 2014

DATE: August 18, 2014

TO: Public Utility Commission

FROM: Marianne Gardner *MG*

THROUGH: Jason Eisdorfer *J* and Marc Hellman *MH*

SUBJECT: AVISTA UTILITIES: (Docket No. UM 1356(7)) Requests reauthorization to defer costs related to Intervenor Funding Grants.

STAFF RECOMMENDATION:

I recommend the Commission approve Avista Utilities' (Avista or Company) request for reauthorization to defer costs related to intervenor funding grants effective November 1, 2014.

DISCUSSION:

Pursuant to ORS 757.259 and OAR 860-027-0300, Avista requests reauthorization to record and defer for a 12-month period beginning November 1, 2014, the cost of intervenor funding grants as allowed under ORS 757.072.

Deferral of these costs was originally granted by the Commission in Order No. 08-015 and has been annually reauthorized, most recently in Order No. 13-355.

Summary Background

In Order No. 12-452, the Commission approved the Second Amended and Restated Intervenor Funding Agreement (IFA) executed by Avista, four other investor-owned utilities, the Citizens' Utility Board of Oregon (CUB), and the Northwest Industrial Gas Users (NWIGU). The IFA sets forth the funding amount to be contributed by the utility, the procedures for budget submittals by intervenors, Commission approval of budgets, and the payment of grants by utilities. It authorizes three funds with different qualification requirements for each. They are the CUB Fund, the Preauthorized Matching Fund (Matching Fund), and the Issue Fund. (Order No. 12-452.)

The IFA also requires the costs of each fund to be allocated to the appropriate customer class. The CUB fund is generated from residential rates, and industrial customers' rates include an increment to support the Matching Fund. The Commission allocates amounts related to the Issue Fund to align the costs of advocacy with the intended beneficiaries of the advocacy.

The IFA remains in effect until December 31, 2017, unless terminated earlier pursuant to the terms of the agreement.

Reason for Deferral

In accordance with OAR 860-027-0300(4)(b), the Company requests continuation of deferred accounting to recover amounts approved pursuant to Order No. 12-452.

Proposed Accounting

Amounts are to be debited to deferred accounts only as the utility disburses funding to a qualifying intervenor. The proposed deferrals would be recorded in separate subaccounts of FERC Account 191. Absent the Commission's authorization of deferred accounting, the Company would incur the cost of an intervenor funding grant.

Current Deferral Activity

In accordance with OAR 860-027-0300(4)(a), Avista provided the following information regarding the deferral activity to the date of this application. Avista will seek recovery of these deferred amounts concurrent with its upcoming purchased gas cost adjustment filing.

Order No.	CUB Fund	Preauthorized Matching Fund	Issues Fund

14-009			\$25,928.00

Information Related to Future Amortization

- Earnings Review – Pursuant to Commission Order 12-452, Appendix A, page 22, paragraph 7.9:

If a Participating Public Utility seeks rate recovery through a deferred account, the account and amortization of the account shall be exempt from the amortization caps and earnings test set forth in subsections 5,6,7,8 and 10 of ORS 757.259, as such subsections may be amended from time to time, and shall not be included in any calculation of the amortization cap for other deferred accounts.

- Prudence Review – For amortization, the prudence review should be limited to verification of the accounting methodology used to determine the final amortization balance.
- Sharing – This deferral is not subject to a sharing mechanism.
- Rate Spread/Design – Account balances are to be spread to the appropriate customer classes per Order No.12-452, Appendix A, page 21, paragraph 7.7(b).
- Three Percent Test (ORS 757.259(6)) – The three percent test does not apply to amortization of this deferral. See “Earnings Review” above.

Staff Analysis

As Avista's filing meets the requirements of ORS 757.259 and OAR 860-027-0300, and the reason for deferral is still valid, I recommend the Commission approve the application.
