TO: VIKIE BAILEY-GOGGINS, ADMINISTRATOR
REGULATORY OPERATIONS DIVISION
PUBLIC UTILITY COMMISSION OF OREGON
PO BOX 2148
SALEM OR 97308-2148

FROM: JEFF DEMERS, SECRETARY
WILLAMETTE WATER COMPANY
25275 LOTEN WAY
VENETA, OREGON 97487

BEFORE THE PUBLIC UTILITY COMMISSION OF OREGON

In the Matter of Tariffs for Water Service)
in the State of Oregon filed by)
Willamette Water Company)
)
)
)

Greg Demers
(name of utility owner)

In accordance with Oregon Revised Statutes 757.205 and 757.220, herewith files tariff sheets designated as PUC Oregon No. 1, Original Tariff Sheets No. 1 through 6, to become effective for service rendered on and after February 1, 2008—44 days from the date of the filing. The purpose of this filing is to:

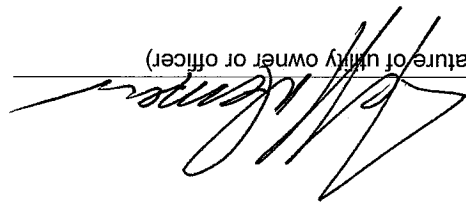

- 1) Establish rates resulting in total annual revenues of \$_____, or
- 2) Increase or decrease the utility's total annual revenues from \$192,726 (\$177,678 in water rate revenues) to \$214,795 (in water rate revenues), resulting in a

net increase/decrease of \$22,069, or 11.5% percent. After deducting for operating

expenses, the projected revenues will produce a 10% return on a rate base of

\$89,819.

The attached testimony summarizes the utility's financial operations, the effects of current rates on the individual classes of customers, and the effects of the proposed rates on the individual classes of customers for the 12-month test period ending December 31, 2006.

(signature of utility owner or officer)

Jeff Demers

Business Address	25275 Loten Way		
City, State, Zip	Veneta, OR 97487		
Telephone #	(541) 935-1050		
Fax #	(541) 935-1990		
Emergency Contacts			
Randy Reitz	Ravin Group	Telephone #	(541) 953-7616
Jeff Demers	Williamette Water Company	Telephone #	(541) 514-4243 (541) 484-4462

2. Q. PLEASE PROVIDE THE FOLLOWING INFORMATION IF DIFFERENT FROM QUESTION #1.

A.

Name	Jeff Demers
Title	Secretary
Business Address	25275 Loten Way
City, State, Zip	Veneta, OR 97487
Telephone #	(541) 935-1050

Name	Greg Demers
Address	25275 Loten Way

A. The utility's sole owner is:

UTILITY OWNERS.

5. Q. PROVIDE THE NAME, ADDRESS, AND TELEPHONE NUMBERS OF ALL THE

Name	Debbie Chamberlain
Address	25275 Loten Way
City, State, Zip	Veneta, OR 97487
Telephone #	(541) 935-1050
E-Mail Address	debc@frlic.com

A. The utility's accountant or bookkeeper is:

WATER UTILITY ACCOUNTANT OR BOOKKEEPER.

4. Q. PLEASE PROVIDE THE FOLLOWING INFORMATION REGARDING THE

Operator Name	Kevin Hunt, Ravin Group
Address	36 Irving Rd
City, State, Zip	Eugene, OR 97404
Telephone #	(541) 689-3177
Certified Operator	<input checked="" type="checkbox"/> yes <input type="checkbox"/> no
Certification Level:	1
Email Address	kehunt@deltaesi.com
Registration Number:	6685

A.

SYSTEM OPERATOR.

3. Q. PLEASE PROVIDE THE FOLLOWING INFORMATION REGARDING THE

Fax #	(541) 935-1990
Email Address	jeffd@frlic.com

A. I, Jeff Demers, am Director Of Operations of Williamette Water Company and direct the daily activities of the utility. I helped prepare this rate case.

7. Q. WHAT IS YOUR AFFILIATION WITH THE WATER UTILITY? DESCRIBE YOUR CURRENT WATER UTILITY RESPONSIBILITIES.

Name		Jeff Demers	
Title		Secretary	
Address		25275 Loten Way	
City, State, Zip		Veneta, OR 97487	
Hours Worked	See Attachment 1, PUC Order No. 07-436	Annual Salary	\$ NA
Phone Number	(541) 935-1050		
E-Mail Address	jeffd@frlic.com		

Name		Greg Demers	
Title		President	
Address		25275 Loten Way	
City, State, Zip		Veneta, OR 97487	
Hours Worked	See Attachment 1, PUC Order No. 07-436	Annual Salary	\$ NA
Phone Number	(541) 935-1050		
E-Mail Address	gd9825@aol.com		

6. Q. PLEASE LIST ALL UTILITY OFFICERS AND PROVIDE THE FOLLOWING INFORMATION.

City, State, Zip	Veneta, OR 97487
Telephone #	(541) 935-1050

- No, I did not prepare the exhibits in this testimony. The exhibits were prepared by:
- Yes, the exhibits in this testimony were prepared by me or under my supervision.

PREPARED UNDER YOUR SUPERVISION?

9. Q. DID YOU PREPARE THE EXHIBITS IN THIS TESTIMONY OR WERE THEY

- A. No, I am not engaged in other business.
- Yes, Frontier Resources

UTILITY?

8. Q. ARE YOU ENGAGED IN OTHER BUSINESS IN ADDITION TO THE WATER

SUMMARY OF THE UTILITY'S PROPOSED RATE REQUEST

10. Q. WHAT CHANGE IN ANNUAL REVENUES IS THE UTILITY SEEKING?

- A. The utility's most recent calendar year revenues are \$192,726. The utility seeks a rate increase or decrease of \$22,069, or 11.5% in current annual revenues, resulting in total annual revenues of \$214,795.

11. Q. PLEASE SUMMARIZE WHY THE UTILITY IS SEEKING THE PROPOSED CHANGE IN RATES.

- A. The utility is seeking this change in rates because of increases in operating costs particularly for purchased water, loss of a large commercial customer, and changes in management and operating procedures. Also, the utility proposes to eliminate certain tariffs and to replace them with new tariffs.

12. Q. WHAT HISTORICAL 12-MONTH PERIOD IS THE UTILITY SELECTING AS ITS TEST YEAR FOR THIS RATE PROCEEDING?

- A. The test period the utility selected is January 1, 2006 through December 31, 2006.

13. Q. WHAT IS THE UTILITY'S AMOUNT OF RATE BASE (UTILITY PLANT MINUS ACCUMULATED DEPRECIATION AND OTHER CONTRA PLANT ACCOUNTS, PLUS WORKING CASH AND MATERIALS INVENTORY)?

- A. The utility rate base is \$89,819.

14. Q. WHAT RATE OF RETURN ON RATE BASE (INVESTMENT) IS THE UTILITY PROPOSING IN THIS RATE PROCEEDING AND WHY?

- A. The utility is seeking a 10% rate of return on the rate base because it is the current return on equity and the return needed to attract future capital investments.

GENERAL UTILITY INFORMATION

15. Q. HOW IS THE UTILITY LEGALLY ORGANIZED AND IN WHAT YEAR WAS IT

ORGANIZED.

A. The water utility was legally organized on March 13, 1964, under the laws of the

State of Oregon as a:

Proprietorship Partnership Corporation LLC Other

16. Q. PLEASE STATE THE YEAR THE WATER SYSTEM WAS ORIGINALLY

CONSTRUCTED AND THE MONTH/YEAR IT BEGAN PROVIDING WATER

SERVICE.

A. The system was originally constructed in 1972 and began providing service in 1972.

17. Q. PLEASE PROVIDE THE MONTH AND YEAR THE UTILITY WAS ACQUIRED

BY ITS CURRENT OWNER(S) AND HOW IT WAS ACQUIRED.

A. In August 2006 the utility was:

Purchased Constructed Received through donation Inherited

18. Q. DO ORAL OR WRITTEN CONTRACTS EXIST BETWEEN THE UTILITY AND

PERSONS AFFILIATED WITH THE COMPANY? IF YES, PLEASE PROVIDE

COPIES OF EACH CONTRACT.

A. No, oral or written contracts do not exist between the utility and its owners

and affiliated interests.

Yes, PUC approved contracts do exist between the utility and its owners

and affiliated interests. See Attachment 1, PUC Order No. 07-436.

Yes, oral or written contracts do exist, but have not been approved by

PUC, between the utility and its owners and affiliated interests. I have

attached a copy of these contracts, along with a cover letter requesting

approval of these contracts.

19. Q. DOES THE UTILITY HAVE A PUC APPROVED SERVICE TERRITORY?
- A. No, the utility has not filed an application with PUC for an approved service territory.
- Yes, the utility's service territory is approved by the PUC, per Order No. 03-633. Application has been filed and is pending.
20. Q. IS THE UTILITY AN AFFILIATE OF A PARENT CORPORATION OR HOLDING COMPANY?
- A. No, the utility is not a subsidiary of a parent corporation or holding company.
- Yes, the utility is a subsidiary of a parent corporation or holding company.
- Attached are the parent/holding company's balance sheet/income statements for the last calendar year.
21. Q. HOW MANY FULL OR PART-TIME EMPLOYEES DOES THE UTILITY CURRENTLY EMPLOY?
- A. The utility currently has no employees.
22. Q. PROVIDE THE FOLLOWING INFORMATION FOR ALL EMPLOYEES.
- A. The utility currently has no employees.
23. Q. IS THE UTILITY PROPOSING TO ADD ANY FULL- OR PART-TIME EMPLOYEES WITHIN THE CONTEXT OF THIS RATE FILING OR DURING THE NEXT YEAR?
- A. No, the utility does not propose adding any full- or part-time employees.
- Yes, the utility proposes to add _____ full-time and/or _____ part-time employees as described below:

		\$ 73,920	\$ 137,115	TOTALS
	NA	\$ 73,920	\$ 137,115

43. Q. IS THE UTILITY ESTABLISHING NEW RULES OR PROPOSING CHANGES TO ITS CURRENT RULES?

A. No, the utility is not proposing any changes or establishing new rules. Yes, the utility is proposing to change its existing rules or establish new rules. They are attached to this testimony as the Rules and Regulation tariffs in Exhibit A. The following is a summary of the Utility's proposed changes:

41. Q. PLEASE DESCRIBE THE UTILITY'S PUMPING SYSTEM FOR DISTRIBUTION, INCLUDING THE RANGE OF PRESSURE AT WHICH THE WATER IS PUMPED INTO THE DISTRIBUTION SYSTEM AND DELIVERED TO THE CUSTOMERS.

A. See Pumping Information shown in Plant Information, Exhibit B, of this testimony.

42. Q. DESCRIBE THE UTILITY'S WATER STORAGE CAPACITY.

A. See Storage Tank/Reservoir Information shown in Plant Information, Exhibit B, of this testimony.

43. Q. IS THE UTILITY ESTABLISHING NEW RULES OR PROPOSING CHANGES TO ITS CURRENT RULES?

A. No, the utility is not proposing any changes or establishing new rules. Yes, the utility is proposing to change its existing rules or establish new rules. They are attached to this testimony as the Rules and Regulation tariffs in Exhibit A. The following is a summary of the Utility's proposed changes:

A. WWC purchases all of its water from the Eugene Water & Electric Board of Eugene, Oregon.

SERVICE QUALITY

44. Q. PLEASE DESCRIBE THE TYPE AND NUMBER OF SERVICE PROBLEMS OR CUSTOMER COMPLAINTS THE UTILITY HAS EXPERIENCED IN THE LAST YEAR, INCLUDING BUT NOT LIMITED TO, OUTAGES, LOW PRESSURE, CUSTOMER SERVICE, AND WATER QUALITY. DESCRIBE WHAT ACTIONS, IF ANY, THE UTILITY HAS TAKEN TO RESOLVE THE PROBLEMS.
- A. No, the utility has not experienced any service problems or customer complaints in the last year.
- Yes, the utility has experienced service problems and/or customer complaints as listed below and has taken the following steps to correct or improve them:
-

45. Q. DOES THE UTILITY HAVE ANY CURRENT SERVICE PROBLEMS THAT IT PROPOSES TO CORRECT OR IMPROVE IN THE NEXT CALENDAR YEAR?
- A. No, the utility does not have any service problems that it proposes to correct/improve during the next calendar year.
- Yes, the utility has service problems that it proposes to correct or improve during the next calendar year as described below:
-

46. Q. DOES THE UTILITY ROUTINELY FLUSH ITS WATER LINES?
- A. No, the utility does not have a regular flushing schedule.
- Yes, the utility regularly flushes its lines every _____.

47. Q. ARE THE CUSTOMERS AWARE OF THE UTILITY ROUTINE FLUSHING SCHEDULE, DATE AND TIME?

A. NA

48. Q. DOES THE UTILITY HAVE ANY FIRE HYDRANTS? IF YES, PLEASE LIST HOW MANY, HOW MANY FEET APART ARE THEY, AND THE UTILITY'S HYDRANT MAINTENANCE SCHEDULE (INCLUDING EXERCISING VALVES), WHAT IS THE UTILITY'S FIRE INSURANCE RATING.

52. Q. DOES THIS CONCLUDE YOUR TESTIMONY?
 A. Yes.
51. Q. WOULD YOU LIKE TO TESTIFY REGARDING OTHER ISSUES?
 A. No.
 Yes, I would like to testify additionally regarding the following (attach pages with additional testimony):
50. Q. IF YOU HAVE FEWER THAN 200 TOTAL CUSTOMERS, PLEASE ATTACH A CURRENT AND COMPLETE CUSTOMER MAILING LIST. INCLUDE EACH CUSTOMER'S NAME AND MAILING ADDRESS.
 A. I have over 200 customers.
 I have fewer than 200 customers and have attached a customer mailing list.
-
49. Q. IS THE UTILITY CURRENT IN ALL OF THE OREGON DEPARTMENT OF HUMAN SERVICES DRINKING WATER PROGRAM REQUIREMENTS, INCLUDING BUT NOT LIMITED TO, TESTING, OPERATION, CONSTRUCTION OF THE WATER SYSTEM, MASTER PLAN, CROSS CONNECTION CONTROL POLICY, AND CONSUMER CONFIDENCE REPORTS?
 A. Yes, the utility is current in all its requirements of the Oregon Department of Human Services.
 No, the utility is not current with the following Oregon Department of Human Services requirements:
- A. No, the utility does not have any fire hydrants.
 Yes, the utility does have fire hydrants. There are 47 hydrants located variable feet apart. The utility's fire insurance rating is 5.

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>		
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

1. These rates are based on continuous service. Discontinuation of service may not be employed to avoid monthly charges for service. See Rule No. 26, Voluntary Discontinuance.
2. Water used during the construction of buildings, etc., shall be metered. Charges shall be made at the rates specified in this schedule. When setting of a meter is impracticable, the amount of water used shall be estimated by the utility, and the charges shall be made at specified rates for the amounts so estimated, including monthly minimum meter rates.
3. Whenever an existing water meter serves more than one use, the customer will be charged one base rate for the size water meter, plus the base rate for a $\frac{5}{8}$ x $\frac{3}{4}$ inch meter for each additional use. The customer will be charged the commodity rate for all usage. No new multiple uses on a single meter shall be permitted in the future.

SCHEDULE NO. 4

PRIVATE FIRE PROTECTION SERVICE, FLAT RATES

Available: To customers of the Utility at Goshen, Oregon, and vicinity.

Applicable: To customers with automatic sprinkler systems, and fire hydrant service for private fire protection and located on the customer's premises.

Flat Rate

Service Line Size	Monthly Flat Rate	Consumption
4 "	\$36.80	unlimited
6 "	\$56.61	unlimited
8 "	\$118.87	unlimited

Special Provisions:

1. These rates are based on continuous service. Discontinuation of service may not be employed to avoid monthly charges for service. See Rule No. 26, Voluntary Discontinuance.
2. Water taken under this schedule is to be used only to extinguish fires and for flushing necessary to maintain fire protection equipment. The consumption may be estimated by the utility or a meter may be installed at the customer's expense and with the utility's preauthorization and approval of the meter to be used. The water use shall be billed at regular metered rates.
3. The minimum size fire protection meter to be billed is 4 inches. At a minimum, the customer shall install a utility approved backflow device and detection meter that is located on the customer's property at the property line, and outside of any building.

RULES AND REGULATIONS

Rule 1: Jurisdiction of the Commission

The Rules and Regulations herein shall be subject to the rules and regulations of the Public Utility Commission of Oregon.

Rule 2: Definitions

- A. "Utility" shall mean Willamette Water Company.
- B. "Applicant" shall mean any person, business, or organization that applies for service or reapplies for service at a new existing location after service has been discontinued, except as noted in the definition of "Customer."
- C. "Commission" shall mean the Public Utility Commission of Oregon.
- D. "Customer" shall mean any person, business, or organization who has applied for, been accepted to receive, or is currently receiving service. A customer who voluntarily discontinues service at the same or different premises within 20 (twenty) days after discontinuance retains customer status.
- E. "Residential customer premises" shall mean any dwelling and its land including, but not limited to, a house, apartment, condominium, townhouse, cottage, cabin, mobile home, or trailer house.
- F. "Commercial customer premises" shall mean any premises at which a customer carries on any major activity of gaining a livelihood or performing a public service. Such activity may be of a business, industrial, professional, or public nature.
- G. "Main" shall mean the pipe laid in the street, alley, or other right-of-way for the distribution of water to customers. It shall not include service lines.
- H. "Service connection" shall mean the pipe, stops, fittings, meter, and meter box laid from the main to the property line of the premises served.
- I. "Customer line" shall mean the pipe, stops, and fittings leading from the property line to the premises served.

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>		
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

J. "Point of Delivery" is the property line or the outlet swivel/union of the meter defining where the service connection stops and the customer line starts.

APPLICATION FOR SERVICE

Rule 3: Customer/Applicant Information (OAR 860-036-0015)

The utility shall provide or be able to provide customers or applicants with the following information:

- A. Instructions on how to read meters, either in writing or by explanation;
- B. Application and contract forms;
- C. Utility rules and regulations;
- D. Commission rules and regulations;
- E. Approved tariffs;
- F. Rights and Responsibilities Summary for Oregon Utility Consumers;
- G. Notices in foreign languages, if applicable;
- H. The utility's business address, telephone number, and emergency telephone number; and
- I. Notices approved by the Commission.

Rule 4: Application for Service (OAR 860-036-0035)

Application for water service must be made for each individual service. The application shall identify the applicant, the premises to be served, the billing address if different, the type of use to which the water is to be put, and an agreement to conform to the Rules and Regulations of the utility as a condition for receiving such service. The applicant shall, at this time, pay any scheduled fees or deposits. An application is a request for water utility service and shall not be accepted until the applicant establishes credit as set forth in OAR 860-036-0040.

An application for water service must be made where:

- A. An applicant who has not previously been served by the water utility requests service;
- B. Service has been involuntarily discontinued in accordance with the utility and Commission rules, and service is sought;

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>		
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

- C. Service has been voluntarily discontinued and a request to restore service has not been made within 20 days; or
- D. There is a change in the identity of a customer, the type of use to which the water is put, or the number of premises served.

Rule 5: Deposit for Service (OAR 860-036-0040)

In accordance with the Commission's rules for credit establishment and deposit waiver, an applicant or a customer may be required to make a deposit to secure payment of bills for service. The deposit shall not exceed one-sixth (1/6) the amount of reasonable estimated billings for one year's use of service at the premises during the prior year or upon the type and size of the customer's equipment that will use the service. (OAR 860-036-0040)

The utility shall pay interest on deposits at the rate established by the Commission. After the customer has paid bills for service for 12 consecutive months without having had service discontinued for nonpayment, or more than two occasions in which a shut-off notice was issued, and the customer is not then delinquent in the payment of bills, the utility shall promptly and automatically refund the deposit plus accrued interest by (check one):

- 1) issuing the customer a refund check
- 2) crediting the customer's account; however, a customer is entitled to a refund upon request pursuant to OAR 860-036-0055.

Rule 6: Customer Service Line

The customer shall own and maintain the customer service line and promptly repair all breaks and leaks. The utility shall not be responsible for any damage or poor service due to inadequacy of the customer line or any portion of the customer's plumbing. All leaks in the customer line, faucets, and all other parts of the plumbing owned or controlled by the customer shall be promptly repaired so as not to waste water. The customer may install a shut-off valve on customer side of meter to allow for repairs to customer service line or interior plumbing. If the customer calls the utility to request water service shut off to allow for repairs on customer side of meter, customer shall be billed for a trouble call charge.

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>		
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

Rule 7: Separate Control of Service

All premises supplied with water will be served through service lines so placed as to enable the utility to control the supply to each individual premise using a valve placed within and near the line of the street, the utility right-of-way, or at the meter. Each single family residence shall have its own service connection to the utility's water line.

MULTI-FAMILY RESIDENTIAL CUSTOMER

The multi-family residential customer is a dwelling premise consisting of more than one residential dwelling unit with multiple dwellings in a single building, e.g., duplex, triplex, apartment building. The water utility may charge the owner of the premise a base rate for the meter size installed on the premises for the first dwelling unit and a $\frac{5}{8}$ x $\frac{3}{4}$ inch base charge per dwelling unit for all of the other dwelling units and a commodity rate for the total water consumed through a master meter.

MULTI-UNIT COMMERCIAL CUSTOMER

The water utility will charge the owner of the commercial complex a base rate for each commercial unit receiving water service. This means that the individual unit has water plumbed to the unit for purposes other than fire protection. The utility will charge the commercial complex customer a base rate for each individual unit in the complex receiving water service and a commodity rate for the water consumed for non-fire purposes.

If the unit has only fire protection (including sprinklers), but no other water service, the water utility will charge a fire protection fee. The commercial complex owner would not be charged a base rate for commercial units without water (other than fire protection) plumbed directly to the unit.

In the case of a commercial complex that has multi-buildings and multi-units in the buildings and the buildings have water service, but not all units have water service, the water utility will charge the commercial complex customer a base rate for the size meter installed for the first building or unit, plus a 1-inch base rate for each of the other individual buildings or units in the complex receiving water service, plus a commodity rate for water consumed.

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>		
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

MIXED RESIDENTIAL-COMMERCIAL USE CUSTOMER

The water utility will charge a base rate for the size water meter serving the commercial use (1-inch minimum) plus a $\frac{5}{8}$ x $\frac{3}{4}$ inch base rate for each residential use in the same building, plus the commodity rate for water used.

Rule 8: Service Connections (OAR 860-036-0060)

The utility shall furnish and install at its own expense all necessary trenching, pipe, valves, and fittings between its main line and the customer's service line. Such installation shall be designated as the service connection. The utility shall own, operate, maintain, and replace the service connection when necessary and promptly repair all breaks and leaks. The customer shall not be responsible for any damage or poor service due to inadequacy of the service lines or any portion of the utility's plumbing.

Rule 9: Service Connection Charge

An applicant requesting permanent water service to premises not previously supplied with permanent water service by the utility shall be required to pay the service connection charge listed in the utility's Miscellaneous Service Charges Schedule. The minimum meter size for commercial or industrial use is 1 inch.

Rule 10: Main Line Extension Policy (OAR 860-036-0065)

The utility shall specify the size, character, and location of pipes and appurtenances in any main line extension. Main line extensions shall normally be along streets, roads, highways, or other satisfactory rights-of-way. All construction work shall conform to all applicable rules, regulations, codes, and industry standards. Each main line extension shall normally extend along applicant's property line to the point the applicant's service line would be at a 90-degree angle to the street or main line. The minimum mainline extension charge shall be for 100 feet.

Rule 11: Main Line Advances and Refunds Policy

Each new customer requesting a main line extension shall advance the utility the cost-base amount necessary to extend the main line to provide service.

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>		
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

The utility may require advance payment for expenses to prepare design and cost estimates for property development plans, speculative main extension inquiries, or for additional design and cost estimates requested by the developer/customer. Upon completion of the design and cost estimates, if the total engineering expenses are less than charged, the overcharge shall be refunded. If the total engineering expenses are more than charged, the customer shall pay the undercharge.

The design and cost estimates shall be based on the complete and approved property development plans submitted by the developer/customer. Plans submitted shall include grade information, streets and sidewalk areas, sewer, landscaping, any available locations of other utility services, and an estimate of water service requirements, including fire flow requirements. If the developer-customer changes any plans and constructs the development in a manner other than originally stated, the developer/customer may be billed for any additional cost incurred by the utility.

The utility shall specify size, character, and location of pipes and appurtenances and all construction work shall conform to recognized standards of the water utility industry.

For a period of 2 years after construction of the requested main line extension, the utility shall also collect from any additional applicants whose service connections or service lines shall connect to said main line extension an amount per foot equal to the new applicant's proportionate share of the main line extension cost for that portion used. The utility will then refund the share differential amount to those customers who previously shared the cost of said main line extension. Refunds shall not exceed the amount originally advanced. No part of the distribution system installed prior to the request for a main line extension shall be used to calculate any customer advance or refund.

Rule 12: Types of Use

Water service may be supplied for residential, commercial, irrigation, temporary construction, special contracts, fire prevention, and other uses. The utility shall file separate rate schedules for each type of use and basis of supply.

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>

ADVICE NO. _____
(PUC USE ONLY)

Rule 13: Multiple Residences

An apartment building, mobile home park, motel, trailer camp, duplex, townhouse, or any other property consisting of more than one residential unit, if served through one service line, shall be considered to be equivalent to the number of dwelling units when determining the customer count.

Rule 14: Utility Access to Private Property (OAR 860-036-0120(3)(b) and OAR 860-036-0205(3))

Customers shall provide access during reasonable hours to utility-owned service lines that extend onto the premises of the customer for the purposes of reading meters, maintenance, inspections, or removal of utility property at the time service is to be discontinued. Where the customer does not cooperate in providing reasonable access to the meter or to the premises, as required by law or to determine if a health or safety hazard exists, it is grounds for disconnection. The utility may inspect all adjoining property and improvements that the customer or property owner or their associates has an interest in. This inspection will be permitted to allow the utility to determine if there is an unauthorized use of water, or if a cross connection exists.

Rule 15: Restriction on Entering a Customer Residence (OAR 860-036-0085)

No water utility employee shall enter the residence of its customers without proper authorization except in an emergency when life or property is endangered.

REFUSAL OF SERVICE

Rule 16: Refusal of Service Due to Customer Accounts (OAR 860-036-0080(1-3))

The utility may refuse to serve an applicant until receipt of full payment of overdue amounts, or other obligations related to a prior account of the applicant with the utility, when the following circumstances exist:

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company	<i>(at least 30 days after PUC receives filing)</i>	
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

- A. An overdue amount remains outstanding by a customer at the service address;
- B. The applicant resided at the service address indicated in (A) during the time the overdue charges were incurred; and
- C. The person indicated in (A) will reside at the location to be served under the new application. (OAR 860-036-0080)

If service is refused under this rule, the utility shall inform the applicant or customer of the reasons for the refusal and of the Commission's dispute resolution process. Service shall not be refused for matters not related to water service. Residential service shall not be refused due to obligations connected with non-residential service.

Rule 17: Refusal of Service Due to Utility Facilities (OAR 860-036-0080(7))

The utility shall not accept an application for service or materially change service to a customer if the utility does not have adequate facilities or water resources to render the service applied for, or if the desired service is of a character that is likely to unfavorably affect reasonable service to other customers.

For refusal of service under this rule, the utility shall provide a written letter of refusal to the applicant informing applicant that the details upon which the utility's decision was based may be requested. A copy of such notice will be sent to the Commission. The details will include, but not be limited to:

- A. Current capacity and load measured in gallons or cubic feet per minute;
- B. Current capacity and load measured in pounds per square inch;
- C. Cost to the utility for additional capacity in order to provide the additional service; and
- D. Information regarding the appeal process of the utility's refusal to provide service is available through the Commission's dispute resolution process pursuant to OAR 860-036-0025.

Rule 18: Refusal of Service Due to Customer Facilities (OAR 860-036-0080(4-6))

The utility shall refuse service to an applicant or customer whose facilities do not comply with applicable plumbing codes or, if in the best judgment of the utility, are of such a character that safe and satisfactory service cannot be given.

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>		
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

If service is refused under this rule, the utility will provide written notification to the customer within 10 working days stating the reason(s) for refusal and providing information regarding the Commission's complaint process. A copy of the notification will also be sent to the Commission.

METERS

Rule 19: Utility Meters (OAR 860-036-0105)

The utility shall own, maintain, and operate all meters. Meters placed in service shall be adequate in size and design for the type of service, set at convenient locations, accessible to the utility, subject to the utility's control, and placed in a meter box or vault between the street curb and property line. Each meter box or vault shall be provided with a suitable cover.

Where additional meters are furnished by the utility or relocated for the convenience of the customer, a reasonable charge may be made in accordance with a schedule approved by the Commission.

The water utility shall have the right to set meters or other devices for the detection and prevention of fraud or waste without notice to the customer.

Each customer shall provide the utility with regular access to the meter on the customer's property. Failure to permit access at reasonable times and after reasonable notice by the utility requesting access is grounds for disconnection. (OAR 860-036-0120) Should damage result to the meter from molesting, tampering, or willful neglect on the part of the customer, the utility shall repair or replace the meter and may bill the customer for the reasonable cost. (OAR 860-036-0105(6))

Rule 20: Meter Testing (OAR 860-036-0110)

The meter shall be tested prior to or within 30 days of installation to determine it is accurate to register not more than 2 percent error. No meter shall be allowed to remain in service if it registers an error in excess of 2 percent under normal operating conditions. The utility shall maintain a record of all meter tests and results. Meter test result records shall include:

- A. Information necessary to identify the meter;
- B. Reason for making the test;
- C. Date of test;

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>		
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

- D. Method of testing;
- E. Meter readings;
- F. Test results; and
- G. Any other information required to permit convenient checking of methods employed.

Rule 21: Customer-Requested Meter Test (OAR 860-036-0115)

A customer may request that the utility test the service meter; such test shall be made within 20 working days of the receipt of such request at no cost to the customer. The customer has the right to be present during said test, which is to be scheduled at a mutually agreeable time. A written report shall be provided to the customer stating:

- A. Customer's name;
- B. Date of the customer's request;
- C. Address at which the meter has been installed;
- D. Meter identification number;
- E. Date of actual test; and
- F. Test results.

If a customer requests a meter test more often than once in any 12-month period, the deposit listed on the Miscellaneous Service Charges Schedule may be required to recover the cost of the test. If the meter is found to register more than 2 percent fast under conditions of normal operation, the utility shall refund the deposit to the customer.

BILLING

Rule 22: Billing Information/Late-Payment Charge (OAR 860-036-0120, OAR 860-036-0125 and OAR 860-036-0130)

Bills are due and payable when rendered by deposit in the mail or other reasonable means of delivery. As near as practical, meters shall be read at monthly intervals on the corresponding day of each meter reading or billing period. The bill shall be rendered immediately thereafter. OAR 860-036-0120(3) requires water utilities to bill at monthly intervals. A utility may request upon application special authority by the Commission to bill at intervals other than monthly.

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>		
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

The utility shall make reasonable efforts to prepare opening and closing bills from actual meter readings. When there is good reason for doing so, estimated bills may be submitted. Any estimated billings shall be clearly designated as such.

The late-payment charge determined by the Commission and listed on the Miscellaneous Service Charges Schedule shall be applied to all overdue balances at the time of preparing the subsequent months' bill or balances owing that are 30 days old.

All bills become delinquent if not paid within 15 days of the date of transmittal of the bill. OAR 860-036-0125 requires a minimum of 15 days. If permitted to become delinquent, water service may be terminated after proper notice as provided in Rule 29, Reconnection Charge / Disconnection Visit Charge.

All water service bills shall show:

- A. Beginning and ending meter readings for the billing period;
- B. Beginning and ending dates of the period of service to which the bill applies;
- C. For all metered bills, beginning and ending meter readings for the period for which the bill is rendered;
- D. Number of units of service supplied stated in gallons or cubic feet;
- E. Schedule number under which the bill was computed;
- F. Delinquent date of the bill;
- G. Total amount due; and
- H. Any other information necessary for the computation of the bill.

Rule 23: Returned-Check Charge

The returned-check charge listed on the Miscellaneous Service Charges Schedule shall be billed for each occasion a customer submits a check for payment that is not honored, for any reason, by a bank or other financial institution.

Rule 24: Prorating of Bills

Initial and final bills will be prorated according to the number of days service was rendered and on the basis of a 30-day month. For metered services, the meter will be read upon opening and

Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>		
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

closing a customer's account. Consumption will be charged at scheduled rates. Any minimum monthly charge will be prorated.

Rule 25: Adjustment of Bills (860-036-0135)

When an under billing or overbilling occurs, the utility shall provide written notice to the customer detailing the circumstances, period of time, and the amount of the adjustment. If it can be shown that the error was due to an identifiable cause, the date of which can be fixed, the overcharge or undercharge shall be computed back to such date. If no date can be fixed, the utility shall refund the overcharge or re-bill the undercharge for no more than 6 months' usage. In no event shall an overbilling or under billing be for more than three years' usage. No billing adjustment shall be required if a meter registers less than 2 percent error under conditions of normal operation.

When a customer is required to repay an under billing, the customer shall be entitled to enter into a time-payment agreement without regard to whether the customer already participates in such an agreement. If the customer and the utility cannot agree upon payment terms, the Commission shall establish terms and conditions to govern the repayment obligation. The utility shall provide written notice advising the customer of the opportunity to enter into a time-payment agreement and of the Commission's complaint process.

DISCONNECTION OF WATER SERVICE

Rule 26: Voluntary Discontinuance (OAR 860-036-0210)

Except for emergencies, customers who (for any reason) wish to have service discontinued shall provide the utility with at least 5 days' advance notice of the requested date of discontinuance of service. Until the utility receives such notice, the customer shall be held responsible for all service rendered. Should the customer wish to recommence service within 12 months at the same premises, the customer will be required to pay the customary minimum monthly charge as if service had been continuous. The reconnection charge listed on the Miscellaneous Service Charges Schedule will be applicable at the time of reconnection.

If the service has been voluntarily disconnected for a period of 15 months or more, the utility may choose to remove the meter service. Before meter service is removed, the customer shall be notified that the customer may choose to recommence service or have the meter removed. If the meter is removed, a new meter installation charge must be paid to have the meter re-installed and service recommenced.

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>		
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

Rule 27: Emergency Disconnection (OAR 860-036-0215)

The utility may terminate service in emergencies when life or property is endangered without following the procedures set forth in OAR 860-036-0245. Immediately thereafter, the utility will notify the customer and the Commission. When the emergency termination was through no fault of the customer, there shall be no charge made for restoration of service.

Rule 28: Disconnection of Water Service Charge for Cause (OAR 860-036-0205 and 0245)

When a customer fails to comply with the utility's rules and regulations, or permits a bill or charge for regulated services to become delinquent (except for nonpayment of a time-payment agreement*), the utility shall give at least five days' written notice before water may be shut off. The notice shall state:

- A. The reason(s) for the proposed disconnection;
- B. The earliest date for disconnection;
- C. The amount to be paid to avoid disconnection;
- D. An explanation of the time-payment provision of OAR 860-036-0125;
- E. Information regarding the Commission's dispute resolution process; and
- F. The Commission's Consumer Services toll-free number, 1-800-522-2404.

Prior to disconnection on the day that the water utility expects to disconnect service, the utility must make a good-faith effort to physically contact the customer to be disconnected or an adult at the customer's premise to be disconnected to advise the customer or adult of the proposed disconnection. If contact is not made, the utility shall leave a notice in a conspicuous place at the customer's premise informing the customer that service has been or is about to be disconnected. The utility shall document its efforts to provide notice and make that documentation available to the customer upon request.

Service shall not be shut off for non-emergencies on a Friday or the day of a state- or utility-recognized holiday or the day prior to such holiday. (OAR 860-036-0220)

The utility shall not disconnect residential service due to the failure to pay or meet obligations associated with nonresidential service. (OAR 860-036-0225)

Issue Date		Effective Date	February 1, 2008
Issued By	Willamette Water Company <i>(at least 30 days after PUC receives filing)</i>		
Signature			
Name & Title	Jeff Demers, Secretary		

ADVICE NO. _____
(PUC USE ONLY)

A water utility may not disconnect residential service for non-payment if a customer enters into a written time-payment plan. The utility will offer such customers a choice of payment agreements between a levelized-payment plan and an equal-pay arrearage plan or some other mutually agreeable alternate payment arrangement agreed to in writing. (OAR 860-036-0125)

*When a customer fails to comply with the terms of a written time-payment agreement between the customer, and/or the utility permits a time-payment agreement charge to become delinquent, the utility shall give at least 15 days' written notice before the water may be shut off.

Rule 29: Reconnection Charge / Disconnection Visit Charge (OAR 860-036-0080 and 0245(7))

Service shall not be restored until the utility's rules and regulations are complied with and/or payment is made in the amount overdue and any additional disconnection, reconnection, or disconnection visit charges incurred as listed on the Miscellaneous Service Charges Schedule are paid.

Rule 30: Unauthorized Restoration of Service

After the water has been disconnected or shut off at the curb stop or at the meter, if any person not authorized by the utility should turn it on, the water service line may be disconnected without notice. Service shall not be reconnected until all arrearages, all cost-of-service disconnection and reconnection, and the reconnection charge listed on the Miscellaneous Service Charges Schedule are paid in full.

Rule 31: Unauthorized Use

No person shall be allowed to make connection to the utility mains, or to make any alteration to service connections, or to turn a curb stop off or on to any premises, without written permission of the utility. Meter tampering, diverting service, or any other unauthorized use of service will automatically cause a disconnection of the water service and meter removal. All fees, costs of disconnection and reconnection, past-due billings, and service charges listed on the Miscellaneous Service Charges Schedule must be paid in full before any service is restored. An advance deposit for restoration of service may be required.

ADVICE NO. _____
(PUC USE ONLY)

Rule 32: Interruption of Service (OAR 860-036-0075)

The utility shall have the right to shut off the water supply temporarily for repairs and other necessary purposes. The utility shall use all reasonable and practicable measures to notify affected customers in advance of such discontinuance of service except in the case of emergency repairs. The utility shall not be liable for any inconvenience suffered by the customer or damage to the customer's property arising from such discontinuance of service.

The utility shall keep a record of all service interruptions affecting its whole system or a major section thereof, including the time and date of interruption, duration, and cause or purpose of interruption.

Rule 33: Water Supply/Usage Restrictions (OAR 860-036-0325)

The utility shall exercise due diligence to furnish a continuous and adequate supply of water to its customers. If water restrictions are necessary to equitably apportion its available water supply among its customers with due regard to public health and safety, the utility shall provide written notification to its customers and the Commission including:

- A. Reason for the restriction;
- B. Nature and extent of the restriction;
- C. Effective date of the restriction; and
- D. Probable date of termination of such restriction.

Rule 34: Damages/Tampering

Should damage result to any of the utility's property from molesting or willful neglect by the customer to a meter or meter box located in the customer's building, the utility will repair or replace such equipment and will bill the customer for the costs incurred.

SERVICE QUALITY

Rule 35: System Maintenance (OAR 860-036-0305)

The utility shall have and maintain its entire plant, distribution system, and hydrants in such condition that it will furnish safe, adequate, and reasonable continuous service. The utility shall

ADVICE NO. _____
(PUC USE ONLY)

inspect its facilities in such manner and with such frequency as may be necessary to ensure a reasonably complete knowledge of its condition and adequacy at all times. The utility shall keep such records of all routine maintenance as considered necessary for the proper maintenance of its system, including regular flushing schedules, exercising of valves, and valve inspections.

Rule 36: Trouble Call

The trouble-call charge listed on the Miscellaneous Service Charges Schedule may be billed whenever a customer requests that the utility visit the customer's premises to remedy a service problem and the problem is due to the customer's facilities.

Rule 37: Water Purity (OAR 860-036-0310)

The utility shall deliver water for domestic purposes free from bodily injurious physical elements and disease-producing bacteria and shall cause such tests to be made and precautions taken as will ensure the constant purity of its supply. A record of all such tests and reports shall be kept.

The utility shall keep a record of all water quality tests, results, monitoring, and reports.

The utility shall deliver domestic water that is reasonably free from elements that cause physical damage to customer property such as pipes, valves, appliances, and personal property. A water supply that causes such damage will be remedied until the conditions are such as to not reasonably justify the necessary investment.

Rule 38: Water Pressure (OAR 860-036-0315)

The utility shall maintain pressure at a minimum of 20 pounds per square inch (psi) for health reasons to each customer at all times and not exceed a maximum of 125 psi.

Rule 39: Pressure Surveys (OAR 860-036-0320)

The utility shall have a permanently placed pressure gauge located on a main that is representative of the system's pressure. A portable gauge in good working condition shall be available for checking pressure conditions in any part of the distribution area.

Rule 40: Customer-Requested Pressure Test (OAR 860-036-0320)

Upon customer request, the utility will perform a water pressure test within 20 working days of the request at no cost to the customer. If the customer requests more than one pressure test within any 12-month period, a deposit to recover the reasonable cost of the additional test may be required of the customer. The deposit shall be returned if the pressure test indicates less than 20 psi or more than 125 psi. The customer or designated representative has the right to be present at the pressure test, and said test shall be conducted at a mutually agreeable time.

For metered service, the pressure will be tested at a point adjacent to the meter on the customer's service line. For non-metered service, the pressure will be tested at the customer's service line or hose bib or other reasonable point likely to best reflect the actual service pressure.

Rule 41: Maps/Records (OAR 860-036-0335)

The utility shall keep on file current maps and records of the entire plant showing size, location, character, and date of installation of major plant items, including shut-off valves.

Rule 42: Utility Line Location (One Call Program) (OAR 860-036-0345)

The utility and its customers will comply with the requirements of OAR 952-001-0010 through and including OAR 952-001-0090 (One Call Program) regarding identification and notification of underground facilities.

Rule 43: Cross Connection / Backflow Prevention Program

(Insert the utility's cross connection/backflow prevention program as required by law.)

The utility will keep on file its current cross connection control program as required by the Oregon Health Division Drinking Water Section. The utility is responsible to determine what constitutes a cross connection hazard and what type of backflow prevention assembly is required to remedy that hazard. The utility shall apply this standard to all customers nondiscriminatory. To require a customer to install and test a backflow prevention assembly, the utility must first notify the customer in writing, identifying the cross connection hazard and the type of backflow prevention assembly required. The utility shall inform the customer that he/she is entitled to choose any qualified person to install and/or test the backflow prevention assembly

and must provide the customer with a current list of certified backflow prevention assembly testers in the general area. The utility (if certified) may offer its own installation and testing services to the customer; however, the utility shall inform the customer that he/she is not obligated in any way to use the utility's services. When a backflow prevention assembly is required by the utility, the customer is responsible for its installation annual testing by a certified tester. Failure to install and/or test a required backflow prevention assembly is grounds for disconnection. The utility shall keep a record of all backflow prevention assembly installations and tests.
