IMPORTANT NOTICE REGARDING DISCONTINUANCE OF SPRINT WIRELINE CONSUMER LONG DISTANCE SERVICES

Account Number:

On September 19, 2015, or as soon thereafter as the necessary regulatory approvals can be obtained, Sprint Communications Company L.P. ("Sprint") will no longer provide Sprint wireline consumer long distance services and associated features in each of the 50 United States, the District of Columbia, Guam, Puerto Rico and the U.S. Virgin Islands. The specific Sprint wireline consumer long distance services and associated features being discontinued include all domestic and international 1+ dialing from pre-subscribed accounts and casual caller accounts, as well as Operator Services, Directory Assistance, Directory Assistance Calling, FÖNCARD and all consumer pricing plans associated with the services listed above.

Due to changing market conditions, Sprint has determined that it should discontinue the Sprint wireline consumer long distance services and associated features described above. This discontinuance impacts all of your Sprint 1+ dialed calls. If you choose to have a pre-subscribed long distance carrier, you will need to transition your service by September 19, 2015. **In order to do so, you will need to choose another long distance service provider.** Note that a new service provider may require approximately two weeks to provision service to you. As a result, we strongly recommend that you select a provider ***no later than*** August 19, 2015. If you are not certain of your options for obtaining replacement pre-subscribed long distance service, **you should contact your local telephone service provider and ask which carriers are accepting pre-subscribed customers.** Sprint will no longer carry any consumer wireline long-distance calls (both interstate and intrastate) after September 19, 2015. This discontinuance does not impact any Sprint wireless services that you have.

Sprint has notified the Federal Communications Commission of its proposed discontinuance of service. The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy

Division, 445 12th Street SW, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of Sprint Communications Company L.P.. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

We encourage you to select a new long distance provider, by contacting your local telephone company, as soon as possible. **Sprint does not have the ability to select another provider for you.**

RE: Sprint's Discontinuance of Residential Long-Distance Services in Oregon

Dear Commission:

Pursuant to OAR 860-032-0020(11), Sprint Communications Company L.P. ("Sprint") hereby provides notification to the Oregon Public Utility Commission that it intends to discontinue its provision of Sprint residential long-distance services in Oregon. Currently Sprint only has 1,862 residential long distance subscribers in Oregon that will be impacted.

Sprint has filed or will shortly be filing with the FCC seeking authorization, pursuant to Section 214(a) of the Communications Act of 1934, as amended (the "Act"), 47 U.S.C. § 214(a), and Section 63.71 of the Federal Communications Commission's ("FCC's") rules, 47 C.F.R. § 63.71, to discontinue its provision of Sprint Residential Long Distance Services throughout the United States.

The Sprint wireline customer long-distance services and associated features being discontinued are Message Telecommunications Service (i.e., 1+ long distance) ("MTS"), FÖNCARD, Directory Assistance, and Operator Service (collectively, the "Sprint Services"), as well as all consumer pricing plans associated with the Sprint Services.

In response to changing market conditions, Sprint has decided to terminate its provision of the Sprint Services. On January 5, 2015, Sprint received authority to cease offering the Sprint Services to new customers. At this time, Sprint plans to discontinue its provision of the Sprint Services to its remaining customers effective **September 19, 2015**, or as soon thereafter as the necessary regulatory approvals are obtained. The proposed discontinuance will not result in material harm to the affected customers because they easily can obtain alternative services from other wireline interexchange carriers. Customers also may purchase substitute long-distance services and features from wireless carriers such as Sprint or from a host of other alternative providers such as interconnected voice over Internet protocol providers.

In accordance with OAR 860-032-0020(11), Sprint will send the customer notifications regarding the discontinuance of Sprint Services to its Oregon customers at least 90 days before cessation of services; on or before June 19, 2015 and will send a courtesy duplicate copy of the customer notification as a reminder within 30 days of cessation of services. The customer notice is attached for the Commission's review.

Please feel free to contact me with any questions or concerns that you may have regarding the discontinuance of Sprint's Integrated Local Services in Oregon.

Very truly yours,

/s/ Kristin L. Jacobson
