ESSENTIAL AND ADVANCED SERVICES

As your local telephone company, CenturyTel provides basic and essential telecommunication services as well as enhanced products and services to its customers throughout our serving areas.

Among the essential services are single party service with Touchtone dialing, unlimited calling within the local calling area, access to 9-1-1 or other emergency call centers, and directory and operator assistance. In addition, these essential services include connection to the long distance carrier of your choice and long distance blocking if you prefer. Basic rates include a monthly service fee, a federal subscriber line charge and a federal universal service fee. The monthly service fees range from \$8.55 to \$12.48 for residential customers and from \$16.00 to \$20.31 for business customers. Services provided through connection to a long distance carrier or operator and directory assistance may result in additional charges.

CenturyTel also offers a variety of optional calling products and services to meet your personal or business needs. Call our Customer Contact Center for prices and availability of these services in your area.

TELEPHONE ASSISTANCE PROGRAMS

CenturyTel participates in the Telephone Assistance Program which makes residential telephone service more affordable to eligible low income individuals and families. The program, established by the Oregon Public Utilities Commission in conjunction with the Federal Communications Commission, offers discounted services to qualified customers.

Customers may receive benefits through the Lifeline and Link-Up programs. The Lifeline Service discounts monthly service charges while Link-Up reduces installation charges for new telephone services. These programs, however, do not pay for telephone equipment, wiring and other services such as calling features or long distance calling.

CenturyTel customers living on Native American reservations may qualify for additional discounts towards their residential service through the Enhanced Lifeline and Link-Up assistance programs. Enhanced Tribal Lifeline helps with monthly bills for local service and Enhanced Tribal Link-Up provides low-income assistance for setting up residential telephone service.

For more information, contact the Telephone Assistance Program at 1-800-848-4442 (voice) or 1-800-647-3458 (TTY). You can also call our Customer Contact Center for more information.

OREGON AND CALIFORNIA RELAY SERVICE

The Relay is a telecommunications service providing full telephone accessibility to people who are deaf, hearing or speech impaired. This service relays calls between a person using a TTY (teletypewriter) and any other telephone user. This service also allows a person without a TTY to call a TTY user. Trained personnel complete all calls and stay on-line to relay messages electronically over the TTY or verbally to hearing parties. This service is provided free of charge in your local calling area; however, long distance rates will apply and are determined by your long distance carrier.

The relay allows you to place and receive calls to and from anywhere in the world, 24 hours a day, 365 days a year, using English or Spanish. This service will also relay TTY calls to directory assistance. After obtaining the number, the caller may choose to place the call through Oregon Relay or dial it directly TTY to TTY.

ESSENTIAL AND ADVANCED SERVICES

As your local telephone company, CenturyTel provides basic and essential telecommunication services as well as enhanced products and services to its customers throughout our serving areas.

Among the essential services are single party service with Touchtone dialing, unlimited calling within the local calling area, access to 9-1-1 or other emergency call centers, and directory and operator assistance. In addition, these essential services include connection to the long distance carrier of your choice and long distance blocking if you prefer. Basic rates include a monthly service fee, a federal subscriber line charge and a federal universal service fee. The monthly service fees range from \$8.55 to \$12.48 for residential customers and from \$16.00 to \$20.31 for business customers. Services provided through connection to a long distance carrier or operator and directory assistance may result in additional charges.

CenturyTel also offers a variety of optional calling products and services to meet your personal or business needs. Call our Customer Contact Center for prices and availability of these services in your area.

TELEPHONE ASSISTANCE PROGRAMS

CenturyTel participates in the Telephone Assistance Program which makes residential telephone service more affordable to eligible low income individuals and families. The program, established by the Oregon Public Utilities Commission in conjunction with the Federal Communications Commission, offers discounted services to qualified customers.

Customers may receive benefits through the Lifeline and Link-Up programs. The Lifeline Service discounts monthly service charges while Link-Up reduces installation charges for new telephone services. These programs, however, do not pay for telephone equipment, wiring and other services such as calling features or long distance calling.

CenturyTel customers living on Native American reservations may qualify for additional discounts towards their residential service through the Enhanced Lifeline and Link-Up assistance programs. Enhanced Tribal Lifeline helps with monthly bills for local service and Enhanced Tribal Link-Up provides low-income assistance for setting up residential telephone service.

For more information, contact the Telephone Assistance Program at 1-800-848-4442 (voice) or 1-800-647-3458 (TTY). You can also call our Customer Contact Center for more information.

OREGON AND CALIFORNIA RELAY SERVICE

The Relay is a telecommunications service providing full telephone accessibility to people who are deaf, hearing or speech impaired. This service relays calls between a person using a TTY (teletypewriter) and any other telephone user. This service also allows a person without a TTY to call a TTY user. Trained personnel complete all calls and stay on-line to relay messages electronically over the TTY or verbally to hearing parties. This service is provided free of charge in your local calling area; however, long distance rates will apply and are determined by your long distance carrier.

The relay allows you to place and receive calls to and from anywhere in the world, 24 hours a day, 365 days a year, using English or Spanish. This service will also relay TTY calls to directory assistance. After obtaining the number, the caller may choose to place the call through Oregon Relay or dial it directly TTY to TTY.
