GRANTED**

On April 17, 2008, Idaho Power Electric Company (Idaho Power) filed an application seeking a partial waiver of competitive bidding guidelines. After discussions with the Commission Staff, Idaho Power now asks that the Commission suspend further action on its application to allow the company to address a number of issues in its upcoming 2008 update to its Integrated Resource Plan (IRP). Idaho Power also waives any time limits associated with the proceeding of its application until the Commission completes its review of the 2008 update to the Company's IRP.

Idaho Power's motion to temporarily suspend this docket is granted. At the conclusion of the IRP review, Idaho Power will consult with the parties to this proceeding to establish a procedural schedule to complete the processing of this application.

Dated at Salem, Oregon, this 3rd day of July, 2008.
