Re: **Petition of Verizon Northwest Inc. to Price List Certain Packaged Services**

Dear Filing Center:

Enclosed for filing are an original and one copy of Verizon Northwest Inc.'s Petition to Price List Certain Packaged Services.

Sincerely,

James E. Green

Enclosures

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

Petition of Verizon Northwest Inc. to Price List     )  
Certain Packaged Services                             )     Docket No.  
\_\_\_\_\_   )

Verizon Northwest Inc. (“Verizon”) respectfully submits this Petition to Price List Certain Packaged Services pursuant to ORS 759.054, OAR 860-032-0035 and OAR 860-032-0200 (3). Under its statutory authority set forth in ORS 759.054, the Public Utility Commission (“Commission”) promulgated OAR 860-032-0200(3), which states that a package of essential and potentially price-listed services may be considered for price listing if each essential service in the package is readily available to customers on a separate basis and the package price is equal to or greater than the tariffed rate(s) for the essential service(s) plus the long-run incremental cost(s) of the price-listed service(s). The specific requirements for a petition to have packages price listed are set forth in OAR 860-032-0035. For the reasons set forth in this Petition, the Verizon packages described in this Petition satisfy the Commission’s rules and warrant treatment on a price listed basis.

In support of this Petition, and in compliance with OAR 860-032-0035, Verizon states:

**1. OAR 860-032-0035(1)(a). Name and address of the public utility.**

Verizon Northwest Inc.  
20575 N.W.Von Neumann Drive  
Beaverton, OR 97006

Verizon is authorized by the Commission to operate as a telecommunications utility serving forty four (44) exchanges in Oregon that are identified on maps on file with the Commission.

Petitioner's representatives:

James E. Green  
20575 N.W.Von Neumann Drive  
Beaverton, OR 97006

And

Kimberly A. Douglass  
600 Hidden Ridge Drive  
Irving, TX 75038  
MC: HQE02F60

**2. OAR 860-032-0035(1)(b). Description of the service that Verizon proposes to be price-listed, including the initial price list with the proposed terms and prices of the service.**

Verizon proposes to price list the following residential packages, all of which are currently offered under approved tariffs: Big Deal Option A, Big Deal Option B, Two Feature Packages, Three Feature Packages, Verizon Local Package, Verizon Local Package Extra, Verizon Regional Package and Verizon Regional Package Extra. The Company also proposes to price list the following business packages, all of which are currently offered under approved tariffs: Choice PAC, WorkSmart, Two Feature Packages, Three Feature Packages, Unlimited IntraLATA Toll Usage for Business Feature Packages and Unlimited Dial Tone (DTL) Package for Business and Unlimited CentraNet® CustoPAK Package for Business. The packages are available to residential customers and business customers as indicated above and are identified in Section VII, Original Sheets 36 – 44 and 49 – 55 of Verizon's Local Exchange Tariff OR PUC No. 18.<sup>1</sup> Upon the granting of this Petition, the initial prices of these packages will be the rates set forth in Verizon's tariffs at that time.

---

<sup>1</sup> A copy of the tariff sheets referenced in this Petition are attached as Exhibit A.

**3. OAR 860-032-0035(1)(c). Information relevant to criteria to be considered under OAR 860-032-0035(4), (5) and (6).**

Under OAR 860-032-0035(1)(c), a petitioner is to provide information to support findings that the Commission must make and the criteria the Commission must consider as set forth in subsections (4), (5) and (6) of OAR 860-032-0035. Subsections (4), (5) and (6) focus on whether the service to be price listed either faces competition or is “not essential.” For purposes of this Petition, the packages – not the individual components of the packages -- will constitute the “product or service” to be price-listed. The regulated essential products and services included in these packages will be readily available from Verizon on an individual “stand alone” basis at Commission approved tariffed rates. Thus, under OAR 860-032-0200(3), the packages of products that Verizon proposes to price-list are “not essential” because each individual service component in the package defined as essential pursuant to OAR 860-032-0200(1) and (2) is available separately from Verizon.

**4. OAR 860-032-0035(1)(d). Statement from each joint provider of the service that it agrees to the price list.**

Verizon does not currently anticipate that there will be joint providers of the packaged services or products to be price-listed. Verizon will be the sole provider of services. If there are any such joint providers in the future, Verizon will provide the statement required by OAR 860-032-0035(1)(d) at the time a price list for such a package is filed with the Commission.

**5. OAR 860-032-0035(8) and OAR 860-032-0200(3). Package prices are equal to or greater than the tariffed rate(s) for the essential service(s) plus the long run incremental cost(s) of the price listed service(s).**

The prices of the Verizon packages listed in this petition will be equal to or greater than the tariffed rate(s) for the essential service(s) included in the packages plus the long run incremental costs(s) of the price listed services included in the packages, which is the standard set forth in both OAR 860-032-0035(8) and OAR 860-032-0200(3). The Commission has already found that the current prices of the current Verizon packages meet this standard; it did so when the packages were approved in the original tariff filings.

**6. OAR 860-0032-0035(9). Price-Listing of packages is consistent with the public interest.**

Under OAR 860-0032-0035(9), unless the Commission finds that a petition for price listing is contrary to the public interest, such a petition should be granted. In this case, the Petition for price listing of Verizon's packaged services is in the public interest because Verizon is only seeking authority to price list packages of regulated services that are otherwise available to consumers on an individual "stand alone" basis at Commission approved tariff rates. The regulated individual components of the Big Deal Option A, Big Deal Option B, Two Feature Packages, Three Feature Packages, Verizon Local Package, Verizon Local Package Extra, Verizon Regional Package, Verizon Regional Package Extra, Choice PAC, WorkSmart, Unlimited IntraLATA Toll Usage for Business Feature Packages and Unlimited Dial Tone (DTL) Package for Business and Unlimited CentraNet® CustoPAK Package for Business will continue to be subject to regulation and the Commission's existing authority.

The public interest does not require full tariff regulation of these packages of products and services because the individual essential service components of such packages are readily available under Verizon's tariffs.

### **Conclusion**

For the reasons outlined above, Verizon respectfully requests that the Commission grant this Petition and authorize Verizon to price list Big Deal Option A, Big Deal Option B, Two Feature Packages, Three Feature Packages, Verizon Local Package, Verizon Local Package Extra, Verizon Regional Package, Verizon Regional Package Extra, Choice PAC, WorkSmart, Unlimited IntraLATA Toll Usage for Business Feature Packages and Unlimited Dial Tone (DTL) Package for Business and Unlimited CentraNet® CustoPAK Package for Business packages of products and services.

Respectfully submitted this 21st day of November 2008.

C. BUSINESS CUSTOMERS

(T)

1. CONDITIONS

a. CHOICE PAC

This service offers a discount of 30% off the rates to business customers who subscribe to individual Calling Services as specified under Rates - Individual Services and Custom Local Area Signaling Service. This discount applies only when the customer subscribes to three or more of the following services:

- Busy Redial
- \*69
- Call Block
- Call Forwarding
- Call Waiting/Cancel Call Waiting
- Caller ID
- Caller ID – Number Only
- Distinctive Ring
- Priority Call
- Special Call Acceptance
- Select Call Forwarding
- Speed Dialing 8 and 30
- Three-Way Calling

If three or more eligible individual services are ordered per customer account, the discount will apply on rates of all eligible services. The threshold of three eligible services is figured on a per account basis instead of per line.

If the customer removes a service(s) such that the total subscription becomes less than three, the discount will be discontinued.

A service may be added at a later date for the discount to apply. A service may also be substituted for another at a later date and the discount will continue to apply.

Unlimited DTL and CentraNet® CustopAK Basic Packages may only be used for voice applications and may not be used for the transmission of data, for internet connections, or for any other non-voice application. These services may not be used for autodialing. The Company reserves the right to restrict the number of other services and/or equipment furnished or used in connection with any particular class of service in order to prevent any impairment in the quality of service furnished. If the customer uses this service for any non-eligible purpose, including, but not limited to, the examples noted above, the Company may suspend, restrict or cancel the service.

Details on calls made will not be available for this service.

Service Connection Charges will be waived in the event a class of service change is required in order to have an Unlimited DTL or CentraNet® CustopAK Basic Packages.

CALLING SERVICES

IV. PACKAGES (Continued)

H. UNLIMITED DIAL TONE (DTL) PACKAGE FOR BUSINESS AND UNLIMITED CENTRANET® CUSTOPAK PACKAGE FOR BUSINESS (Continued)

4. Termination Liability

Unlimited DTL and Unlimited CentraNet® Custopak Basic Packages are offered on a one-year or a three-year term agreement.

Early termination of a Unlimited DTL Basic Package or Unlimited CentraNet® Custopak Package term agreement by the customer will result in a one-time flat Termination Charge of:

1-year term agreement

\$75

3-year term agreement

\$225 for default within the 1st year of the term  
\$150 for default within the 2nd year of the term  
\$75 for default within the 3rd year of the term

If the customer cancels any of the unregulated components or all of the Expansion Line(s) of the bundle, the remaining components will revert to the individual rate and/or the tariff rate associated with that component.

The customer can add, delete or change the Expansion Lines without termination charges as long as two (2) lines (the Basic Package core line and one Expansion Line) remain on the account. If the one Expansion Line is removed, the remaining elements will revert to tariff rates. If the Basic Package core line is removed, the applicable termination charge shown above will apply.

Customer termination of service within the first 60 days, starting on the Order Completion Date, will result in customer liability for the monthly charges. Termination liability will be waived.

At the end of the term period or any subsequent renewal, the agreement will automatically be renewed for a successive one-year or three-year term at the same terms and conditions, unless either party provides advance notice that it does not wish to renew the term. Each subsequent renewal will allow for a 60-day grace period for the subscriber to unsubscribe from the plan without penalty. Pricing will remain the same during any automatic renewal unless the Company has provided 30 days notice of any change. Customers can move from a one-year to a three-year term without incurring a penalty.
