RE: Advice Letter  
Pioneer Telephone Cooperative Mapping Corrections (AL No. 56)

Recently it was brought to my attention that there were three areas on the Cooperative's mapping where lines designating the exchange boundary were in error and did not match the legal description of the exchange or that of the adjacent ILEC provider. Maps previously filed by the Cooperative were assigned AL Nos. 53 & 54 and I have been told that the next AL number available for the Cooperative's use is AL No. 56.

I have corrected the minor mapping errors and would cite ORS 759.500(1) and Section 27 chapter 232, Oregon Laws 2005 to support this filing. No allocated territory of adjacent companies is being affected and no new territory is being included in the corrections not already allocated by the Oregon Public Utility Commission.

I will be sending two copies of the corrected map to you in the US Mail for filing.

If you have any questions please contact me by one of the methods listed below.

Sincerely,

A handwritten signature in cursive script that reads "Michael Bounds".
