

ISSUED: September 15, 2009

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UE 211

In the Matter of

PORTLAND GENERAL ELECTRIC
COMPANY

To establish the prices associated with the
2008 Power Cost Variance Mechanism.

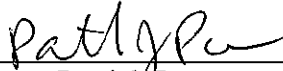

RULING

DISPOSITION: MOTION GRANTED

By motion filed September 14, 2009, Portland General Electric Company (PGE) requests the suspension of the procedural schedule in this docket. In support of its motion, PGE reports that all parties have agreed to a settlement. The parties are in the process of drafting a stipulation and supporting joint brief to submit to the Commission. Because staff and intervenor testimony is due to be filed on September 15, 2009, PGE asks for expedited treatment of its motion.

For good cause shown, the procedural schedule is suspended.

Dated at Salem, Oregon, this 15th day of September, 2009.
