Re: UM 1437; In the Matter of TracFone Wireless, Inc. Application for Designation as an Eligible Telecommunications Carrier

Dear Judge Wallace:

Paragraph 31 of the Stipulation filed by all parties in the above-captioned matter on June 10, 2011 requires TracFone to submit an additional document to the Commission and to Office of Emergency Management (OEM) prior to its designation as an ETC. For your reference, Paragraph 31 provides in full:

31. Prior to designation as an ETP in Oregon, TracFone will submit to the Commission and to OEM written certification that all handsets offered to customers are E911-capable and are able to provide to PSAPs the information specified under the FCC's Phase I and Phase II E911 rules.

In compliance with paragraph 31, TracFone hereby submits the required written certification to the Commission, and to OEM by service copy.

Thank you for your attention to this matter.

Sincerely yours,

Lawrence H. Reichman
