Re: UF 4260

Avista Corporation requests that the Public Utilities Commission of Oregon amend the UF-4260 filing made on October 2, 2009 to replace section (k) with the following, which corrects a scrivener's error in the anticipated Base Rate Margin range:

(k) **Total Amount and Net Proceeds:** The estimated available funds under the debt arrangements will not cumulatively exceed \$100,000,000. Current estimated fees and borrowing spreads, based on the Applicant's current secured debt rating and current market information, are as follows:

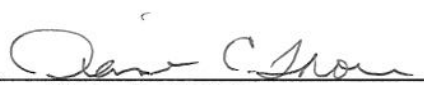

Borrowing Spread ⁽¹⁾ :	
LIBOR Margin:	237.5 – 325 basis points
Base Rate Margin ⁽²⁾ :	237.5 – 325 basis points
Facility Fees:	37.5 – 75 basis points
Upfront Fees:	50 – 100 basis points

⁽¹⁾LIBOR Margin will apply for borrowings with a term of at least 2 weeks. Base Rate margin will apply for borrowings with a term of less than 2 weeks.

⁽²⁾Base Rate on any day means the higher of (a) the Prime Rate in effect on that day, (b) the Federal Funds Rate in effect on that day as announced by the Federal Reserve Bank of New York, plus spread Base Rate Margin, (c) 30 day LIBOR Rate + Base Rate Margin.

Done at Spokane, Washington this 12th day of October, 2009.
