BEFORE THE PUBLIC UTILITY COMMISSION OF OREGON

UF 4261

In the Matter of the PORTLAND GENERAL ELECTRIC COMPANY Application for Authority to Issue Debt pursuant to a Revolving Credit Facility)	REQUEST FOR AMENDMENT TO ORDER 09-466
--	---	--

Pursuant to ORS 756.568, Portland General Electric Company ("PGE") requests that the Commission amend Order 09-466 to correct a typographical error.

Order 09-466 granted PGE's request for authority to enter into a revolving credit facility up to \$200 million. The authority was granted subject to the conditions and reporting requirements contained in the Staff report, included as Appendix A to the Order. Page four of Appendix A contains a chart showing the maximum pricing of the margin and facility fee for the credit facility at four credit rating levels. Level III contains pricing at the level of "BBB/Baa2". Level IV of the chart indicates pricing for "<BBB-/Baa3". However, Level IV should be designated as "\$BBB-/Baa3". Without this change, the chart does not reflect a pricing level if PGE's credit rating is BBB-/Baa3. This typographical error appeared in PGE's Amended Application filed in this matter on November 2, 2009, but was not discovered until yesterday. In order to provide for Commission-approved pricing at all potential credit rating levels, PGE requests that the Order be amended as set forth above.

As recognized in the Order, this new credit facility will replace another credit facility that is about to expire. PGE is attempting to enter into this new facility by the end of this week and, thus, requests expedited consideration of this request.

Dated this 3rd day of December, 2009.
