STATE OF IDAHO)
) ss.
 County of Ada)

I, Dr. Don Reading, being first duly sworn on oath, depose and say:

1. My full name is Don Cardon Reading. I am employed as a consulting economist and Vice President of Ben Johnson Associates, 6070 Hill Road, Boise, Idaho 83703.

2. Ben Johnson Associates, Inc. serves a wide range of governmental and private sector clients involved in public utility regulation. In the public sector, our firm

has provided consulting assistance to state regulatory commissions as well as other government agencies that are routine participants in the regulatory process, including attorneys general and public counsels. We have also worked for public agencies, including state, city and county government entities. In the private sector, our firm has worked for law firms, privately held and publicly owned corporations, and non-profit groups and associations.

3. I have attached as, Attachment 1, a list of clients for whom I have personally worked, or for whom I am currently working. At this time, I am aware of no additional expected clients for whom I may work in the future. I have attached also a copy of my curriculum vitae as Attachment 2.

4. The Oregon Industrial Customers of Idaho Power have retained my services as an economic consultant in the proceedings before the Oregon Public Utility Commission (OPUC) regarding Idaho Power's Request for a General Rate Revision, Docket No. UE 214.

5. I have read the OPUC's General Protective Order in Docket No. UE 214 (Protective Order).

6. I agree to be bound by the terms of the Protective Order such that I may be a qualified person pursuant to paragraphs 3(e) and 10 of the Protective Order.

I declare under penalty of perjury under the laws of the state of Idaho that the foregoing is true and correct based on my information and belief.

I signed this the _____ day of December 2009.

Dr. Don Reading

SUBSCRIBED AND SWORN to before me this 10th day of December
2009.

Experience Dr. Reading provides expert testimony concerning economic and regulatory issues. He has testified on more than 35 occasions before utility regulatory commissions in Alaska, California, Colorado, the District of Columbia, Hawaii, Idaho, Nevada, North Dakota, Texas, Utah, Wyoming, and Washington.

Dr. Reading has more than 30 years experience in the field of economics. He has participated in the development of indices reflecting economic trends, GNP growth rates, foreign exchange markets, the money supply, stock market levels, and inflation. He has analyzed such public policy issues as the minimum wage, federal spending and taxation, and import/export balances. Dr. Reading is one of four economists providing yearly forecasts of statewide personal income to the State of Idaho for purposes of establishing state personal income tax rates.

In the field of telecommunications, Dr. Reading has provided expert testimony on the issues of marginal cost, price elasticity, and measured service. Dr. Reading prepared a state-specific study of the price elasticity of demand for local telephone service in Idaho and recently conducted research for, and directed the preparation of, a report to the Idaho legislature regarding the status of telecommunications competition in that state.

Dr. Reading's areas of expertise in the field of electric power include demand forecasting, long-range planning, price elasticity, marginal and average cost pricing, production-simulation modeling, and econometric modeling. Among his recent cases was an electric rate design analysis for the Industrial Customers of Idaho Power. Dr. Reading is currently a consultant to the Idaho Legislature's Committee on Electric Restructuring.

Since 1999 Dr. Reading has been affiliated with the Climate Impact Group (CIG) at the University of Washington. His work with the CIG has involved an analysis of the impact of Global Warming on the hydro facilities on the Snake River. It also includes an investigation into water markets in the Northwest and Florida. In addition he has analyzed the economics of snowmaking for ski area's impacted by Global Warming.

Among Dr. Reading's recent projects are a FERC hydropower relicensing study (for the Skokomish Indian Tribe) and an analysis of Northern States Power's North Dakota rate design proposals affecting large industrial customers (for J.R. Simplot Company). Dr. Reading has also performed analysis for the Idaho Governor's Office of the impact on the Northwest Power Grid of various plans to increase salmon runs in the Columbia River Basin.

Dr. Reading has prepared econometric forecasts for the Southeast Idaho Council of Governments and the Revenue Projection Committee of the Idaho State Legislature. He has also been a member of several Northwest Power Planning Council Statistical Advisory Committees and was vice chairman of the Governor's Economic Research Council in Idaho.

While at Idaho State University, Dr. Reading performed demographic studies using a cohort/survival model and several economic impact studies using input/output analysis. He has also provided expert testimony in cases concerning loss of income resulting from wrongful death, injury, or employment discrimination. He is currently a adjunct professor of economics at Boise State University (Idaho economic history, urban/regional economics and labor economic.)

Dr. Reading has recently completed a public interest water rights transfer case. He is currently a member of the Boise City Public Works Commission.
