DEQ Director Dick Pederson  
OPUC Chairman Ray Baum  
OPUC Commissioner Susan Ackerman  
OPUC Commissioner John Savage

Dear Director and Commissioners,

The Wilsonville Chamber of Commerce, which includes hundreds of businesses operating in Wilsonville and the south metro area of Clackamas and Washington Counties, believe Portland General Electric's 2020 plan to transition the state away from coal-fired generation is the right plan for Oregon. Accordingly, we strongly urge the Oregon Department of Environmental Quality and Oregon Public Utility Commission to provide the necessary rule changes and acknowledgements required for PGE to legally pursue its 2020 plan for the Boardman Plant set forth in its revised Integrated Resource Plan (LC 48) and petition to amend the Regional Haze Rule.

PGE's proposal will be a precedent-setting milestone in the nation's efforts to combat haze emissions and the broader threat of global warming, and Oregon's united support for this proposal will cement this state's reputation as an environmental leader. We believe this will have an economic benefit for the region, as we work to attract more green power jobs and businesses to the region.

At the same time, we are concerned about the economic impact that closing the plant too early will have on Wilsonville and the south metro area businesses and surrounding communities, who are PGE customers. Proposals to close the plant in 2014 would expose PGE customers to increased costs (\$600 million over 10 years), and the risk of having a huge portion of their power dependent on the wholesale power market, which can fluctuate wildly. We would oppose any plan that doesn't allow time for a replacement generation resource to be built prior to Boardman's ultimate closure.

The PGE plan to operate the plant to 2020 provides a sensible approach, keeping costs down and reducing uncertainty for customers of PGE, while at the same time significantly reducing emissions at the plant during its final years of serving the state and PGE customers. We urge Oregon DEQ and the OPUC to approve this approach and support PGE's 2020 plan.

Sincerely,

Ray Phelps,  
President, Wilsonville Chamber Board of Directors
