For more than 40 years we've been a champion for solutions to protect the health of every Oregonian and the health of the place we call home. Our vision for Oregon includes solving global warming, protecting kids from toxics, cleaning up our rivers, building sustainable economies, and ensuring healthy food and local farms.

E. OEC has special interests in this proceeding in ensuring that PGE'S IRP contributes environmental improvements.

OEC's involvement will not unreasonably broaden the issues, burden the record nor delay the proceeding. For the reasons stated above, OEC respectfully requests that it be allowed to intervene in this matter.
