

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

LC 48

In the Matter of

PORTLAND GENERAL ELECTRIC
COMPANY

2009 Integrated Resource Plan.

RULING

**DISPOSITION: MOTION GRANTED IN PART; PROCEDURAL
SCHEDULE MODIFIED**

On May 13, 2010, the Sierra Club, Columbia Riverkeeper, Friends of Columbia Gorge, and the Northwest Environmental Defense Center (Sierra Club et al.) filed a Motion to File Supplemental Comments with the Public Utility Commission of Oregon (Commission). Intervenors' comments are currently due May 14, 2010. Per Sierra Club et al.'s motion, Portland General Electric Company (PGE) recently informed counsel for Sierra Club et al. that responses to three of intervenors' data requests would be delayed until May 16, 2010, two days after intervenors' comments are due. Sierra Club et al. request permission to file supplemental comments through May 19, 2010, so that intervenors may have the opportunity to review and comment on PGE's data responses. Counsel for Sierra Club et al. states that PGE's counsel does not oppose the motion to file supplemental comments.

While Sierra Club et al. request the opportunity to file supplemental comments, I find that the record will be more clear if intervenors file one set of comments, rather than two sets separated by a few days. As a result, I amend the schedule by moving the due date for intervenor comments from May 14, 2010 to May 19, 2010.

Parties would ordinarily have 15 days to respond to Sierra Club et al.'s motion to file supplemental comments. Given the circumstances and the expedited timeline, I grant Sierra Club et al.'s request on an expedited basis.

Resolution

The procedural schedule in this docket is amended as follows: intervenor comments are now due on May 19, 2010. All other dates are unchanged.

Dated this 13th day of May, 2010, at Salem, Oregon.
