Dear Sir or Madam,

Anybill Financial Services, Inc. is a third party tax payment service provider who remits payments and tax returns for corporations doing business within your jurisdiction. This letter is to inform you that on February 19, 2013, an internal system error occurred resulting in a batch of tax payments and returns that did not print and were due to your jurisdiction by February 20, 2013.

This internal malfunction was caused by a recent check printing enhancement and no system notification was made to alert Anybill of the unprinted tax payments and returns. Enclosed, you will find the notice issued by the Public Utilities Commission that corresponds with the late return and payment by Comcast Phone of Oregon LLC, 7894, for the January due February 2013 filing period attached to check 4060385

Anybill Financial Services asks that any late penalty be waived due to this account's previous payment history. If the penalty cannot be waived, please send the invoice which contains the total amount due to the address below.

The Public Utility Commission of Oregon (Commission) proposes to assess \$602.57 against you for Residential Service Protection Fund (RSPF) surcharge remittance late payment penalties, interest, and late report fees for January 2013.

As a telecommunications provider, you are required to submit monthly RSPF surcharge remittance reports and payments to the Commission. *See* OAR 860-033-0006.
