Re: UM 1535

Attention Filing Center:

On Friday, April 27, in accordance with the procedural schedule in this docket, Portland General Electric Company (PGE) posted on the IE's website the technical specifications for its sites. PGE also posted a copy of its owner's costs. In order to ensure that the record is complete, we are submitting for filing the technical specifications and owner's costs on six CDs, four of which contain information that is confidential subject to Protective Order No. 11-097. Given the size of the non-confidential file and the fact that it is posted on the IE website, we do not believe it needs to be posted on the Commission website.

On Monday, April 30, PGE substituted, on the IE website, five of the 297 technical specification files, which were discovered to be corrupt. In addition, PGE also uploaded to the IE website an additional confidential file on Monday after having received a waiver from the counterparty allowing us to post it.

This is being filed by electronic mail with the Filing Center. An extra copy of the cover letter is enclosed. Please date stamp the extra copy and return to me in the envelope provided.

Thank you in advance for your assistance.

Sincerely,

for V. DENISE SAUNDERS
Associate General Counsel
