Re: UM 1294 PGE – Annual Power Cost Variance Deferral

Ms. Malkasian:

Staff requested that PGE continue to provide a monthly power cost report containing PGE's net variable power costs by specific ledgers as well as PGE's power supply summary reports. This report is confidential and subject to Protective Order No. 07-088.

Attachment 1 contains two hard copies. One is actual power cost by ledger account and the other is actual MWhs by resource. Both provide monthly data for January through October, 2011.

Attachment 2 is an Excel file that contains the same requested information as in Attachment 1, but in electronic format. Both attachments are confidential and subject to the Modified Protective Order No. 07-088 in Docket UM 1294. They are provided under separate cover.

An additional line item "OthGenOp-Fuel-Cost of OilSales" has been added to this report to account for the cost of transferring oil at Coyote Springs to Boardman. This transaction is infrequent but should be reflected in this report.

Should you have any questions or require further information, please call me at 503-464-7580.

Sincerely,

Patrick G. Hager
