 Oregon Solar Incentive Program Bi-Annual Report – February 2021**

PacifiCorp d/b/a Pacific Power submits for filing with the Public Utility Commission of Oregon (Commission) its Bi-Annual Report for the period August 1, 2020 through January 31, 2021, for the Oregon Solar Incentive Program. This filing is submitted in compliance with OAR 860-084-0430.

Summary of Pilot Program – August 1, 2020 through January 31, 2021

PacifiCorp has offered 10 reservation periods for capacity under the Solar Photovoltaic Incentive Rate Pilot Program. The available capacity in the first three reservation periods was fully subscribed within minutes. The October 3, 2011 reservation period saw significant changes that resulted in the reservation period closing with capacity remaining available for small-scale projects. The April 2, 2012 reservation period experienced a return to a fully subscribed program that has continued through May 1, 2015.

Details of the results of each reservation period are provided below. Please note that there have been no changes to the results since the August 2020 report.
