Oregon Solar Incentive Program Bi-Annual Report – August 2022**

PacifiCorp d/b/a Pacific Power submits for filing with the Public Utility Commission of Oregon (Commission) its Bi-Annual Report for the period February 1, 2022 through July 31, 2022, for the Oregon Solar Incentive Program. This filing is submitted in compliance with OAR 860-084-0430.

**Summary of Pilot Program – February 1, 2022 through July 31, 2022**

PacifiCorp has offered 10 reservation periods for capacity under the Solar Photovoltaic Incentive Rate Pilot Program. The available capacity in the first three reservation periods was fully subscribed within minutes. The October 3, 2011 reservation period saw significant changes that resulted in the reservation period closing with capacity remaining available for small-scale projects. The April 2, 2012 reservation period experienced a return to a fully subscribed program that has continued through May 1, 2015.

Details of the results of each reservation period are provided below. Please note that the only update to these results are for the May 1, 2015 reservation period. The following results for the July 1, 2010 through the April 1, 2014 reservation period are repeated from previous reports for convenience and continuity.

**Reservation Period Results**

July 1, 2010 Reservation Period Results
