Re: UG 167 Safety & Customer Service Performance Indicator Report

In compliance with Item 14 in the UG 167 Stipulation agreement, Cascade Natural Gas Corporation herein submits the attached Safety and Customer Service Performance Indicator Report for the Calendar Year 2014 period.

If you have any questions concerning this submittal, please contact Michael Parvinen at (509) 734-4593.

Sincerely,

A handwritten signature in blue ink that reads "Pamela Archer".

Pamela Archer
Supervisor, Regulatory Analysis

Attachment

Safety & Customer Service Performance Indicator Report

Item (a): The ratio of the incident of damage to Company facilities relative to construction activity adjacent to Company facilities:

During calendar 2014, Cascade performed 15,329 locates in its Oregon service territory and experienced 91 damage incidents; this results in a ratio of 5.93 damages per 1000 locates.

Item (b): the number and duration of orders backlogged over thirty (30) days for new service line installation, not including orders on hold at applicant/customer request:

58 Orders were backlogged over thirty days for new service line installations.

Item (c): Delays in connecting service that exceed the requirements of the rules that govern connection of utility service:

One service line installation complaint resulted from a delay in receipt of city permits, inclement weather and no open trench provided.

Item (d): Average time required to provide applicants with a cost estimate for new service:

The average time to provide a cost estimate for new service lines is 5 – 7 days depending on volume during heavy construction periods and city of service.
