Re: Annualized Billing Cycle Exception, OAR 860-039-0055(2)

Pursuant to OAR 860-039-0055(2), PacifiCorp, d/b/a Pacific Power (PacifiCorp or Company), and Richard Rajnus, a net metering customer, have agreed to a new 12-month annualized billing period. OAR 860-039-0055(2) requires that the annual billing cycle for net metering customers end at the end of the March billing month each year, unless the utility and net metering customer agree to a different annual billing cycle. This section also requires the utility to notify the Public Utility Commission of Oregon within 30 days of a utility and a net metering customer reaching an agreement for a different annualized billing cycle. PacifiCorp and Richard Rajnus reached agreement for a new annualized billing cycle on November 18, 2015. The new annualized billing cycle for Mr. Rajnus will end with the October billing period of each year.

Dear Richard Rajnus,

Pacific Power received your request for an alternative 12 month annualized billing period for your net metering facility. Instead of your annualized billing cycle ending March 31 of each year, your alternative annualized billing cycle will end as of your October billing period each year.

This mutual agreement to reset your annualized billing period modifies any existing agreement in reference to the annualize billing period. All other provisions remain in full effect.

Your signature on this letter will confirm your agreement for the alternative annualized billing cycle. If you agree, please sign and return to me one of these letters in the enclosed envelope.

Thank you,

Jason Zappe
