RE: PGE's REVISED Division 39 Net Metering Annual Report

Pursuant to OAR 860-039-0070(2), on April 1, 2016, PGE submitted the Company's annual report on: a) the total number of net metering facilities by resource type and b) the total estimated rated generating capacity of net metering facilities by resource type.

At the request of PUC Staff, PGE submits this revised 2015 Net Metering Annual report correcting PGE's cumulative net metered capacity. In the report submitted April 1, 2016, PGE inadvertently carried forward the 2014 cumulative NEM capacity. The 2015 cumulative NEM capacity is 42.9 MW.

Should you have any questions or comments regarding this filing, please contact me at (503) 464-8718 or Bruce Werner at (503) 464-7481.

Please direct all formal correspondence and requests to the following email address pge.opuc.filings@pge.com

Sincerely,

A handwritten signature in blue ink, reading "Karla Wenzel". The signature is fluid and cursive, with a large loop at the end.
