RE: OAR 860-200-0005 Waiver/Extension Request Qualified Project Report by Frontier Communications

Dear Commission Staff:

Pursuant to OAR 860-200-0005, please grant a waiver and extension of time to submit the Qualified Project Report to the Oregon Public Utility Commission by Frontier Communications NW.

Frontier Communications received a qualified project determination under ORS 308.677(4) on March 3, 2016. Order No. 16-089. OAR-200-0200 requires a company that has received a qualified project determination under ORS 308.677(4) to submit a report to the Public Utility Commission by November 1 of each year. This is the first year Frontier Communications NW will submit a report as the qualified project was completed on December 11, 2016. Due to several internal personnel changes, the timely filing of this report was missed.

In accordance with OAR 860-200-0200(2) & (3), included in the report, which is being filed along with this waiver request, is a completed Oregon form PUC FM050, *e-Filing Report Cover Sheet*, along with all of the documents and information required to be reported under OAR 860-200-0200 and 860-200-0250 for companies that offered the qualified service in Oregon during the preceding calendar year.

Please let me know if you require any additional information.

Respectfully,

A handwritten signature in black ink that reads "Cathy Dahlquist". The signature is written in a cursive, flowing style.
