Subject: [SECURE] Petition for AR

Hi Jon,

My name is Ashley Carter, M.S., CCC-SLP and I am speech language pathologist and the owner of Parkwood Clinic. I am following up about your conversation with Eliesse Jakotich regarding A [REDACTED] R [REDACTED]. A [REDACTED] is [REDACTED] and in extreme need of a device for AAC (Augmentative and Alternative Communication). The family is dedicated to his therapy, demonstrating strong attendance and follow through of home program recommendations from our clinic.

I am petitioning against the document we received from the Public Utility Commission declining services for our client due to being under the age of 4. I would be happy to get approval from the family to share reassessments and progress reports to support our case that A [REDACTED]'s functional communication is limited and he would greatly benefit from full time access to a AAC device.

Our mission at Parkwood is to reduce barriers for children to access high quality speech and language services. We feel not having a AAC device is creating a barrier for A [REDACTED] and his family. Speech therapy and AAC intervention is medically necessary to promote greater functional communication, safety in the community and improved quality of life for A [REDACTED] and his family.

Thank you for your consideration.

Kindly,

Ashley Carter
