First Revision of Sheet No. R21-10	Rule 21	General Rules and Regulations—Direct Access

The purpose of this filing is to implement new tariffs for a five-year cost of service opt-out program for qualifying direct access customers in compliance with Order No. 15-060 in docket UE 267.

Consistent with the Order No. 15-060, the election window for the five-year period beginning January 1 of the subsequent calendar year will commence based on the announcement date defined in OAR 860-038-0275. The first election window for this program will be November 15, 2015, with the five-year transition out of cost of service beginning January 1, 2016. The transition adjustments and customer opt-out charges for the five-year period beginning January 1, 2016, will be included in the compliance filing for the 2016 Transition Adjustment Mechanism.

Once a customer elects Schedule 296 and the five-year period has elapsed, the Company anticipates moving the customer to direct access delivery service schedules to be created, when necessary, as Schedules 830, 847 and 848. These schedules will be similar to the current Schedules 730, 747, and 748, with the exception that Base Supply Service charges will not be included.
