Re: Major Event Exclusion
Period: April 11, 2022

Portland General Electric (PGE) hereby submits this report in compliance with OAR 860-023-0161 which requires the electric company to file a report with the Commission within 30 business days after the conclusion of an event. This report provides a summary of the major storm event that occurred on April 11, 2022.

OAR 860-023-0161: Major Event Filing by Electric Companies

1. Description of the major event, the interruption causes, and factors that impacted restoration of service.

On April 11, 2022, PGE's service territory experienced an unseasonable snow and precipitation event with gusty winds in some parts of PGE's service territory causing weather- and vegetation-related outages. Wind gusts in the Portland area reached a max of 24 mph and in the Salem area wind gusts reached a max of 42 mph. The Portland area had record setting precipitation with 1.13 inches as well as record setting snowfall with 1.6 inches. Weather- and vegetation-related outages were due to trees that were uprooted or tree limbs on overhead conductors.

2. The Reliability reporting area and geographic area impacted.

PGE's entire service territory was impacted by the April 11, 2022 storm. Most outages occurred in PGE's Eastern service territory. From a SAIDI impact perspective, Eastern and Western reporting areas were most affected with double-digit values.

3. The total number of customers affected and the number of customers without service at periodic intervals.

At the peak of the storm, PGE had approximately 37,527 customers without power. During the storm, a total of 47,873 customers were affected.

4. The calculated SAIDI, SAIFI, and CAIDI impacts (i.e., “Event SAIDI, SAIFI, CAIDI”) associated with the Major Event to customers on a reliability reporting area and a system-wide basis.

The following table represents the calculated impacts for SAIDI, SAIFI, CAIDI, TMED, and system-wide basis totals:

	RELIABILITY REPORTING AREAS			SYSTEM-WIDE BASIS
	EASTERN ¹	SOUTHERN	WESTERN	PGE SERVICE TERRITORY
SAIDI²	17.00	1.59	10.61	29.20
SAIFI³	0.038	0.004	0.010	0.052
CAIDI⁴	448	423	1058	565
Customers out at peak	25,505	3,387	8,635	37,527
TMED				6.50

¹ Eastern and Central regions are now combined and represented as the Eastern region.
² SAIDI - System Average Interruption Duration Index
³ SAIFI - System Average Interruption Frequency Index
⁴ CAIDI - Customer Average Interruption Duration Index

**Additional Reporting Related to the
April 11, 2022 Storm Event:**

Attachment A provides a summary of outages within PGE's service territory lasting 5 hours or longer.

For questions regarding this filing, please contact Mary Widman at mary.widman@pgn.com. Please direct all formal correspondence and requests to the following email address pgc.opuc.filings@pgn.com.

Sincerely,

A handwritten signature in black ink that reads "Benjamin H Hillam". The signature is written in a cursive, flowing style.
