**Re: UE 283 – Portland General Electric Company’s
Request for a General Rate Revision**

Filing Center:

Enclosed for filing in UE 283 are an original and one copy of **Portland General Electric Company’s (“PGE”) Motion to Admit Pre-filed Testimony and Exhibits**, along with the original affidavits of each witness who provided testimony on behalf of PGE in this docket.

Please note that the affidavit of Bonnie Gariety is not included, as Bruce Werner has adopted the entirety of the testimony in PGE/1300 as his own.

These documents are also being filed by electronic mail with the Filing Center and electronically served upon the UE 283 service list.

Thank you in advance for your assistance.

Sincerely,

A handwritten signature in blue ink, appearing to read "DCT", is written over a faint, larger version of the signature.

**AFFIDAVIT OF
ROBERT MACFARLANE**

Request for a General Rate Revision.

I, Robert Macfarlane, being first duly sworn on oath, depose and say:

1. My name is Robert Macfarlane. I am Project Manager in Rates and Regulatory Affairs at Portland General Electric Company (“PGE”).

2. I filed testimony and associated exhibits (PGE/300 – 310 PGE/1700-1701, and PGE/2300-2301) on behalf of PGE in this matter.

3. I have the following corrections to PGE Exhibit 300:

a. Referring to PGE/300, Tooman-Macfarlane/12, lines 14-16. The testimony incorrectly states that “[t]he largest drivers for the increase are software additions for *Maximo Wave II (\$6.7 million)*...” The testimony should have read, “The largest drivers for the increase are software additions for *Next Wave (\$3.9 million)*.” PGE corrected this testimony in response to Oregon Public Utility Commission (“OPUC”) Staff Data Request No. 291.

b. Referring to PGE/300, Tooman-Macfarlane/13, lines 9-11. The testimony incorrectly states, “The decrease is partially offset by an increase of \$0.3 million for energy imbalance market (EIM) and the reclassification of the Coyote Springs LTSA *expense* to production O&M” (emphasis added). In response to Industrial Customers of Northwest Utilities (“ICNU”) Data Request No. 090, PGE noted that the Coyote

AFFIDAVIT OF ROBERT MACFARLANE

Springs Long-term Service Agreement expense is booked to production O&M and has not been reclassified. Therefore, PGE Exhibit 300, page 13, lines 9-11 should have read, "...and the reclassification of the Coyote Springs *major maintenance accrual amortization* to production O&M." The corrected language is also provided in PGE's response to ICNU Data Request No. 090.

4. I also have a correction to PGE Exhibit 301 (2015 Results of Operations – Increase in Base Rates Needed for Reasonable Return). In PGE Exhibit 301, PGE estimated Port Westward 2's operating costs on an annualized basis, to reflect the first full year of operations. PGE inadvertently did not annualize property taxes. The annualized property taxes for the first full year of operations should have been approximately \$1.7 million. PGE corrected this information in response to ICNU Data Request No. 118.

5. Furthermore, I have a correction to PGE Exhibit 304 (Amortization Detail for 2011-2015 Test Year) that affected actual 2012 results. The corrected version of Exhibit 304 is provided as Attachment 358-B in PGE's response to the OPUC Staff Data Request No. 358.

6. To the best of my knowledge, my pre-filed testimony and exhibits are true and accurate. If I were asked the same questions today, my answers would be the same.

2. I filed testimony and associated exhibits (PGE/300–310, PGE/700–707, PGE/1500-1503, PGE/1700-1701, and PGE/2300-2301) on behalf of PGE in this matter.
3. I have the following corrections to PGE Exhibit 300:
 - a. Referring to PGE/300, Tooman-Macfarlane/12, lines 14-16. The testimony incorrectly states that “[t]he largest drivers for the increase are software additions for *Maximo Wave II* (\$6.7 million)...” The testimony should have read, “The largest drivers for the increase are software additions for *Next Wave* (\$3.9 million).” PGE corrected this testimony in response to Oregon Public Utility Commission (“OPUC”) Staff Data Request No. 291.
 - b. Referring to PGE/300, Tooman-Macfarlane/13, lines 9-11. 6. Finally, in PGE Exhibit 1502, PGE inadvertently listed the Schedule 105 Net Economic Value amount as \$4,000 less per year than the amount from line no. 1 of the “Sch 105” tab of the PGE Exhibit 1500 confidential work paper, PRC_Economics_2-18-2014.xls. This correction was noted in PGE’s response to OPUC Staff Data Request No. 017 in docket UE 286.
