**Re: UE 286 – PGE’s Net Variable Power Costs and Annual Power Cost Update  
Second Partial Stipulation**

Attention Filing Center:

On behalf of Portland General Electric Company (“PGE”), Staff of the Public Utility Commission of Oregon, the Citizen’s Utility Board of Oregon, and the Industrial Customers of Northwest Utilities, PGE is filing an original and one copy of the attached **Motion to Correct Order**.

A copy of this filing has been served on all parties on the UE 286 service list.

Thank you in advance for your assistance.

Sincerely,

A handwritten signature in blue ink, appearing to read "DCT", is written over a light blue horizontal line.

Douglas C. Tingey  
Associate General Counsel

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

**UE 286**

In the Matter of

PORTLAND GENERAL ELECTRIC  
COMPANY's

Net Variable Power Costs and Annual Power  
Cost Update

**MOTION TO CORRECT ORDER**

Pursuant to OAR 860-001-0420, Portland General Electric Company ("PGE"), Staff of the Public Utility Commission of Oregon ("Staff"), the Citizens' Utility Board of Oregon ("CUB"), and the Industrial Customers of Northwest Utilities ("ICNU") (collectively, the "Moving Parties") request that the Commission correct Order 14-318 issued in this docket on September 17, 2014.

**MOTION**

The Order adopted two partial Stipulations that collectively settled all contested issues in this docket. The Moving Parties are the same parties that entered into the two partial Stipulations. The Summary section of the Order states that the result of the adopted Stipulations is a reduction in Net Variable Power Costs ("NVPC") of approximately \$24.7 million. That dollar figure is incorrect. Only two of the agreed to adjustments had specific dollar amounts attached to them<sup>1</sup>. Five of the other adjustments were modeling or modeling input changes that will impact NVPC but no dollar amount was stated because the ultimate effect of these changes will not be known until PGE's final MONET update

---

<sup>1</sup> Issues #5 and #8 in Order No. 14-318.

filing<sup>2</sup>. The remaining issue did not have an agreed to adjustment, but rather parties agreed to hold a workshop no later than April 1, 2015<sup>3</sup>. The total NVPC impact of these adjustments is expected to be significantly less than the \$24.7 million stated in the Order.

To avoid possible confusion, the Moving Parties request that the Commission issue a revised or amended Order that removes from the Summary the specific dollar amount of the reduction, as shown below:

In this order, we adopt the stipulations of the parties regarding Portland General Electric Company's 2014 proposed Net Variable Power Costs (NVPC) and the Annual Power Cost Update (APCU) reducing the PGE NVPC rate request by ~~approximately \$24.7 million~~, and order PGE to file new tariffs reflecting the modifications and conditions set forth in the stipulations.

No other changes to the Order are requested by the Moving Parties.

DATED this 9th day of October, 2014.

Respectfully submitted,

PORTLAND GENERAL  
ELECTRIC COMPANY
