

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UE 286

In the Matter of

PORTLAND GENERAL ELECTRIC
COMPANY,

2013 Annual Power Cost Variance
Mechanism

RULING

**DISPOSITION: REQUEST TO DESIGNATE AVAILABILITY OF
TESTIMONY FROM GENERAL RATE CASE
GRANTED**

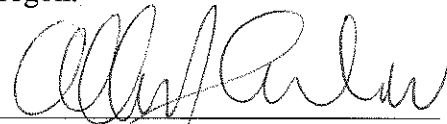

In this ruling, we designate all of the testimony filed by Portland General Electric Company on February 13, 2014 in docket UE 283,¹ as available in this docket.

On March 11, 2014, I issued a prehearing conference memorandum and ruling bifurcating docket UE 283 (the company's general rate case) so that net variable power cost (NVPC) and annual power cost update (APCU) issues could be addressed on a separate timetable, and directing the parties to designate portions of PGE's direct testimony to be included in this docket.

On April 18, 2014, counsel for the Commission Staff, with the concurrence of the other active parties in the docket filed a letter requesting that the entire February 13, 2014 PGE filing in docket UE 283 be made available in this docket.

I find the request reasonable and it is granted.

Dated this 21st day of April, 2014 at Salem, Oregon.
