RE: UM 1690, Voluntary Renewable Energy Tariff, PGE's Comments on Staff's VRET Models

Attention Filing Center:

Portland General Electric (PGE) hereby submits its Comments on Staff's VRET Models.

PGE thanks the Oregon Public Utility Commission (OPUC) Staff for providing an outline of potential Green Tariff (VRET) models for parties to review and address. PGE agrees that an analysis of the potential owner of the renewable resource, the role of the utility, and the relationships between customers, third parties, and the utility offers a fine starting point as the OPUC conducts its study, outlined in HB 4126. We submit our populated table of these models, as requested, as well as answers to the questions Staff posed in their version of the table.

PGE looks forward to continuing involvement with stakeholders and Staff in this docket toward a Commission determination supporting the utility offering customers a green tariff option.

Should you have any questions or comments regarding this filing, please contact me at 503-464-8718.

Thank you in advance for your assistance.

Sincerely,

Karla Wenzel
Manager, Pricing and Tariff
