RULING

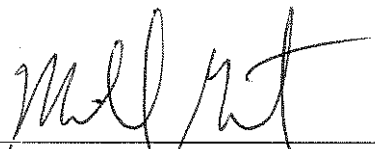

DISPOSITION: MOTIONS FOR WAIVER OF OAR 860-083-0350(4) GRANTED

On June 18, 2015, Staff of the Public Utility Commission filed motions in these five dockets requesting a waiver of OAR 860-083-0350(4). That rule requires written comments to a renewable portfolio standard compliance report to be filed within 45 calendar days of the report. Under that rule, written comments are due July 15, 2014.

Staff seeks a waiver of that rule so that written comments would not be due until August 15, 2014. Further, Staff requests that the remainder of the schedule be similarly extended by the same 30-day period, so that the electric company or electric service supplier would have until September 15, 2014 to respond to any written comments that are filed.

No party filed an objection to Staff's request. The motions for waiver of OAR 860-083-0350(4) are granted.

Dated this 14<sup>th</sup> day of July, 2014 at Salem, Oregon.
