LOCAL SERVICE RATES

CONDITIONS

Local service is provided through facilities owned and maintained according to the standards of the Company. The territory served is shown on maps filed with the Commissioner by the Company. This territory is referred to as an exchange.

The application of business or residence rates is determined by the actual or obvious use made of the service by the customer. Where only one primary station is provided at a location which is both business and residence, the business rate will apply.

Local service rates include the line which provides access to the central office switching equipment.

Call forwarding, call waiting and three-way calling along with touch tone line service are provided as part of the basic package for one party residence and basic business line(s).
