IMPORTANT NOTICE

Roome Telecommunications Inc is filing with the Oregon Public Utility Commission ("Commission") to increase its residential Zone 1 (In Town) monthly service rate from \$15.00 to \$16.00 per month, a change of \$1.00 per month or 6.67%. The increase will take effect November 1, 2014. The last increase was October 2000.

The Federal Communications Commission (FCC) has issued an Order (FCC Order No. 11-161) that requires Roome Telecommunications Inc to increase its rates to the levels set forth in this Notice or face a corresponding reduction in its federal universal service support. Universal service support helps Roome Telecommunications Inc provide high quality service to you. Roome Telecommunications Inc has historically opposed raising its local rates, but after due consideration, Roome Telecommunications Inc believes it has no choice but to follow the FCC's requirement.

This is not something that Roome Telecommunications Inc is taking lightly. However, in considering the options available to it, Roome Telecommunications Inc believes it has no choice but to follow the FCC's requirement in order to continue to receive federal universal service support at approximately the same levels it has in the past.

If you have any questions about the proposed filing and how it will affect you, please call Roome Telecommunications Inc at 541 369-2211.

Customers may petition the Public Utility Commission of Oregon to investigate the rate increase. The Commission will investigate the rate increase if it receives petitions signed by customers (10 percent of customers or 500, whichever is the lesser), on or before October 21, 2014. If the Commission does not receive sufficient petitions by October 21, 2014, the proposed rates will become effective on November 1, 2014, without Commission review. Petitions should be sent to the Commission's Consumer Services Division. Roome Telecommunications Inc will provide a current copy of the local exchange directory and its service territory map within ten days of a request from any customer.
