RE: **Supplement No. 1** to Advice No. OR14-08 for United Telephone Company of the Northwest  
d/b/a CenturyLink P.U.C. OR. No. 3.

Dear Members of the Commission:

Attached for electronic filing is a revised sheet for United Telephone Company of the Northwest, P.U.C. OR. No. 3. This filing is submitted with a November 17, 2014 issue date and a proposed effective date of December 18, 2014.

P.U.C. Or. No. 3

Schedule AE-4

9<sup>th</sup> Revised Sheet 26

This Supplement No. 1 corrects the footnote which inadvertently indicated that as of December 16, 2014, Privacy ID would be grandfathered. The original filing was made on November 17 with a tariff effective date of December 18 and the footnote should have reflected the same effective date of December 18<sup>th</sup> as well. Under the new Price Plan, Privacy ID is no longer a tariffed service and will be moved to the Price List as soon as CenturyLink is able. Demand for this service continues to decline, and the equipment required to provide the service is no longer supported by the vendor.

Please contact me if you have any questions regarding this filing.

Sincerely,

A handwritten signature in black ink that reads "Dawn Salaver".

**SPECIAL EXCHANGE SERVICES**

Privacy ID <sup>(1)</sup>

(C)

A. General

1. Privacy ID provides Caller ID subscribers with the ability to identify unavailable, unknown, blocked and private numbers. Privacy ID intercepts all unidentified calls before the subscriber's telephone rings then asks the caller to state their name or company. Once the calling party has responded, the service rings the subscriber and announces the calling party's information. The subscriber has the option to accept the call, reject the call, play an announcement to the calling party or forward the call to voicemail.
2. The Privacy ID subscriber may provide calling parties with a Caller's Access Code. Use of this access code allows the calling party to bypass Privacy ID.
3. Privacy ID is provided subject to availability of facilities.
4. Privacy ID is not offered in conjunction with Integrated Services Digital Network (ISDN), Centrex, Pay Telephone Access Line Service, and PBX (Private Branch Exchange) Service.
5. When the Call Trace and Return Call features are activated on calls intercepted by Privacy ID, the telephone number captured is that of the Service Node, which performs Privacy ID, not the telephone number of the calling party.
6. Caller ID service is required in order to subscribe to Privacy ID.
7. Service connection charges do not apply when Privacy ID is installed.

B. Rates and Charges

	<u>S&amp;E Code</u>	<u>Monthly Rate Per Line</u>	
		<u>Residential</u>	<u>Business</u>
Privacy ID	FPI1FLC	\$4.95	\$5.95

Privacy ID is available to subscribers of Standard Home Phone Service II, and Personal II Solution packages for a monthly rate of \$4.00.

<sup>(1)</sup> **Effective December 18, 2014, this service is grandfathered and availability is limited to lines currently in service.**
