

**OREGON PUBLIC UTILITY COMMISSION
INTEROFFICE CORRESPONDENCE**

DATE: March 24, 2015
TO: File through Bruce Hellebuyck 
FROM: Stephanie Yamada 
SUBJECT: Mt. Angel Telephone Company, Advice No. 92, Establishes
Attendant Main Line Service

I have reviewed this filing and recommend that an acknowledgement letter be sent. The filing will go into effect on April 4, 2015, and was filed on March 4, 2015. Mt. Angel Telephone Company (Mt. Angel) proposes to establish Attendant Main Line Service.

Attendant Main Line Service is a central office-based service offered in conjunction with a company auto attendant service, allowing incoming calls to a local exchange telephone number to be automatically routed to the designated company auto attendant, another telephone number within the exchange calling area, or a long-distance telecommunications network, where facilities permit. The designated number can be programmed by the company in the central office or controlled by the customer via an online web portal.

Customers using Attendant Main Lines with an auto attendant will be responsible for the payment of any toll charges for each call between the serving central office and the telephone number to which the call is being sent. Long Distance charges will apply, where applicable.

Rates

	<u>Per Minute</u>	<u>Monthly Rate</u>
Business		\$15.20
EAS Flat Rate Business		\$15.20
Measured EAS	\$0.08	

This filing will have a negligible effect on revenues.
