OFFICE OF ENERGY PROJECTS

Project No. 308-007--Oregon
Wallowa Falls Hydroelectric Project
PacifiCorp Energy

December 6, 2017

Mark Sturtevant
PacifiCorp
825 NE Multnomah, Suite 1500
Portland, OR 97232

Subject: License Transition Meeting.

Dear Mr. Sturtevant:

On January 5, 2017, the Federal Energy Regulatory Commission issued to PacifiCorp an Order Issuing Subsequent License for the Wallowa Falls Project. The Commission also issued an Order on Rehearing and Clarification on October 19, 2017. The terms and conditions of this license were developed after considerable deliberation among many stakeholders and involvement of Commission staff. The order contains a number of items that require your attention and it is important to have a clear understanding of its requirements. Office of Energy Projects staff who worked on the license and those who will administer compliance with the terms of the license would like to offer to set up a meeting with you to discuss the requirements. The meeting can be held in-person or via teleconference. The goal of the meeting is to discuss the license requirements, clarify any issues regarding the license, ensure the timing of filing and review of the requirements are adequate to meet the needs of all parties, and to share information among all of us.

If you are interested in such a meeting, please contact me at 202-502-8171 or andrea.claros@ferc.gov. We look forward to working with you in ensuring a smooth transition to your license order implementation.

Sincerely,

Andrea Claros, Ecologist
Division of Hydropower Administration
and Compliance
