RE: PacifiCorp Notice of Property Disposition—Vehicle Sale

Under ORS 757.480(2), PacifiCorp d/b/a/ Pacific Power (PacifiCorp or Company) provides notice of the sale of property necessary or useful in the provision of utility service (Notice).

PacifiCorp recently elected to close its Deer Creek Mine operations. East Mountain Energy, LLC, an unaffiliated entity (East Mountain) will be handling site reclamation at the Deer Creek Mine for PacifiCorp. To help accomplish this, PacifiCorp agreed to sell certain motor vehicles to East Mountain that had been used at the Deer Creek Mine. A copy of the Bill of Sale is included with this Notice as Attachment A.

East Mountain paid \$52,071.00 for the vehicles on June 26, 2015. The purchase price of the vehicles was determined by calculating the Blue Book value of the vehicles. With the closure of the Deer Creek Mine, PacifiCorp no longer needs the vehicles that were used at the mine site. The vehicles are part of the unrecovered investment in Deer Creek assets identified in the Company's Deer Creek filing (Docket UM 1712). There was no assumed salvage value for these specific vehicles at the time of the Deer Creek filing. Proceeds will be reflected in the property sales balancing account (Schedule 96). The sale of the vehicles will not interfere with PacifiCorp's ability to fulfill its obligation to provide safe, reliable electric service with its remaining facilities. The public is not harmed because the equipment sold only served the Deer Creek Mine, which is now closed.
