RE: Supplemental Filing of Advice No. 15-30, NEW Schedule 6 Residential Pricing Pilot

Portland General Electric (PGE) submits this supplemental filing pursuant to Oregon Revised Statutes 757.205 and 757.210, and Oregon Administrative Rules (OAR) 860-022-0025, for filing proposed tariff sheets associated with Tariff P.U.C. No. 18. PGE initially filed Advice No. 15-30 on November 23, 2015, with a requested effective date of January 13, 2016, which remains the same. PGE submits this supplemental filing to adding clarifying language to sheet 6-1, based on feedback from Staff. Also, consistent with the updated prices in PGE's General Rate Case Advice filing 15-33, Schedule 6 prices have been updated based on the revised prices in Schedule 7 pending approval with an effective date of January 1, 2016.

Enclosed are the following replacement sheets:

- Original Sheet No. 6-1
- Original Sheet No. 6-2
- Original Sheet No. 6-3
- Original Sheet No. 6-4
- Original Sheet No. 6-5
- Original Sheet No. 6-6
- Original Sheet No. 6-7
- Original Sheet No. 6-8

All other sheets remain as previously filed

To satisfy the requirements of OAR 860-022-0025, PGE provides the following response:

Schedule 6 does not increase prices for non-participating customers. The pilot is designed to be rate neutral for participants. Some customers may pay less than average and some more than average. Participants on a peak time rebate option have an additional opportunity to save on their bill by reducing usage relative during peak time rebate events.

For the pilot's first year, the Company will compare each Customer's bill to the bill they would have had under Schedule 7 standard blocked rates. If the Customer was billed for at least 10% more than they would have been billed under Schedule 7 standard blocked rates, the Company will refund the amount the Customer was billed that is in excess of 10% over that which billed under Schedule 7 standard blocked rates. The refund will be by bill credit or a refund check.

Work papers supporting the updates will be sent electronically in Excel format.

**SCHEDULE 6
RESIDENTIAL PRICING PILOT**

PURPOSE

This residential pricing pilot is a demand response option for eligible residential Customers. The pricing pilot is designed to test several time of use options and peak time rebates. The Company will provide advance notice to participating Customers for peak time rebate events. The pilot is expected to be conducted from April 1, 2016 through April 30, 2018.

DEFINITIONS

Event Notification – the Company will issue a notification of a Peak Time Rebate event (as described in the Peak Time Rebate Event section of this tariff) to participating Customers by 4:00 PM the day prior to the Peak Time Rebate event, as well as follow-up reminders. Participating Customers must choose at least one method for receipt of Notification. Available Notification methods include email, text, or auto-dialer phone call. Notification is also available on the Company's website. Once the Company issues a Notification, a Peak Time Rebate event will not be cancelled.

Event Season – the pilot has two event seasons: the Summer Event Season and the Winter Event Season. Prior to each season, the Company will remind the Customer that they are on the pilot, the Customer's pricing option, that they may participate in Peak Time Rebate (PTR) events (if applicable), and ways to be successful on the pilot.

Holiday – the following are holidays for purposes of the pilot: New Year's Day (January 1), Memorial Day (last Monday in May), Independence Day (July 4), Labor Day (first Monday in September), Thanksgiving Day (fourth Thursday in November), and Christmas Day (December 25). If a holiday falls on a Saturday, the preceding Friday will be designated the holiday. If a holiday falls on a Sunday, the following Monday will be designated the holiday.

Peak Time Rebate – a rebate provided to the Customer for reducing energy use during events relative to each Customer's baseline energy use. The baseline energy use is calculated using customer-specific regression analysis.

Summer Event Season – the summer event season includes the successive calendar months June through September.

Winter Event Season – the winter event season includes the successive calendar months December through February.

AVAILABLE

In all territory served by the Company.

SCHEDULE 6 (Continued)

APPLICABLE

Subject to selection by the Company, eligible Residential (Schedule 7) Customers may elect to participate in the pilot as described in the Enrollment section of this tariff. The Company will select the pricing option under Monthly Rate. Eligible Customers must have a Network Meter. See the Special Conditions section for a list of relevant eligibility criteria. Customers participating in the pricing pilot will be transferred from Schedule 7 to Schedule 6 for the duration of the pilot.
