

Docket NO - UM - 1769

To Whom it May Concern,

My name is Elizabeth Kelley and I am part of Mountain Home Water District. We were notified in April, 2016 that this service and utility was going to be abandon as of June 30, 2016.

I have lived at 2385 SW Buckman Road for 17 years this July. It was my understanding that this service was valid only unless the water source ran dry.

Apparently Mr. Fran Side

has passed the well and
current residence on to his
daughter. She no longer
would like to run this
utility. Also, I'm concerned
that perhaps a land parcel
was recently sold by Mr.
Fronside that needed water rights.

I have spent the past
two months looking at options.

Both bids one from Olsen - And
one from Westenburg, were well
above \$30,000 not including electrical

work. I am a single-mom
of four. I am a teacher with one
in college and am unable to
qualify for a loan in this amount.

Perhaps we can work together
to keep Mountain Home water
but manage it in a different
way that might be more
beneficial to Mr. Franside
and his daughter

Please help me and my
neighbors stay on the current

am unable to get off
work to participate on May 11.

Road.
