Mr. Brooks:

There will be no "non-party" evidence. Were a "non-party" to appear and ask to intervene, that request will be granted, subject to the standard limits on intervention -- interest in the proceeding, no broadening of the issues. Any testimony that would be proffered would have to be relevant.

If a non-party appears at the hearing and wishes to make comments, those comments will be made before the receipt of evidence and will not be subject to cross-examination. However, depending on the content of any comments, it may be appropriate for Umatilla or Staff to reply.

Following comments, we will receive the evidence. As the applicant, Umatilla will go first. Staff will go second. If we do have an intervenor who presents evidence, that will be taken after Staff. In that case, Umatilla also will close.

Judge Power -

We have conferred with the other party in this docket (Staff) and in preparing for the hearing next week are wondering if you could clarify one procedural aspect of the order denying the motion to modify the schedule. Specifically, are you anticipating that non-parties will be able to participate in the evidentiary hearing and, if so, what the order of appearances might be? If that decision has not been made, or cannot be made prior to the hearing, UEC will make a

recommendation at the start of the hearing that non-party evidence be offered first, followed by participation of the Staff and company witnesses if necessary.

Thanks in advance,

Tommy Brooks
